REVENUE.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 6th July 1888.

READ THE FOLLOWING PAPER:—

Petition dated 1st June 1888 from Venkatkrishna Bhatta and Srikanthaiya, Jodidars of Tellohalli Agrahar in the Devanhalli Taluk.

No 2401-10—CIR. 62, DATED 6TH JULY 1888.

ORDER.—The petitioners complain that, although the Inam Title-deed for the Jodi village of Tellohalli Agrahar was issued on the 1st October 1872, it has been surveyed and valued by the Survey Department, and that the quit-rent and local cess imposed by the Inam Department have been revised with reference to the survey valuation, contrary to the terms of the late Chief Commissioner's Notfication No. 292, dated 13th February 1874.

2. From the endorsement issued to the petitioners by the Amildar of Devanhalli on 3rd February 1888, it appears that, in giving effect to the orders contained in the Notification of 13th February 1874 above quoted, the date on which an Inam Title-deed is delivered to the Inamdar, and not the date of the Title-deed itself, is taken as the basis for determining whether a village is liable to be surveyed or not under the terms of that Notification.

3. The Dewan has carefully read the Notification of 13th February 1874 and is of opinion that Colonel Grant's interpretation of the words "*issued before the 12th October* 1872" used in that Notification is not correct. These words must be interpreted as referring to the date of the Title-deed and not to the time of their actual delivery. The decision embodied in the Title-deeds being generally known to the grantees long before the actual delivery, it is only fair that the re-settlement ordered in Notification dated 13th February 1874 should not be extended to cases for which the Title-deeds issued are dated before the 12th October 1872.

4. The case of the Jodi village of Tellohalli referred to by petitioners will be disposed of in accordance with the above orders.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent of Inam Settlements with the petition of Venkatkrishna Bhatta and Srikanthaiya and its enclosures.

Copy to Deputy Commissioners of other Districts.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 13th July 1888.

READ THE FOLLOWING PAPERS ON THE SUBJECT OF READY MONEY INAM GRANTS :—

1. Chief Commissioner's Proceedings No. 6423-4—707, dated 27th February 1880.
2. From Survey and Inam Commissioner No. 292, dated 1st April 1880.
3. To Inam Superintendent No. 3992—40, dated 13th August 1881.
4. From Inam Superintendent No. 57, dated 2nd December 1881.
5. Dewan's Proceedings No. 2810-18—66, dated 17th July 1882.
6. From Inam Superintendent No 34, dated 8th August 1882.
7. Rules for the settlement of Ready Money Grants.
8. Final Registers of Ready Money Inams confirmed by the Inam Department throughout the Province.

No. 2617-26—CIR. 67, DATED 13TH JULY 1888.

ORDER THEREON.—The correspondence read above relates to Ready Money Inam Grants made to individuals.

2. In Chief Commissioner's Proceedings No. 6423-4—707, dated 27th February 1880, a proposal was made for the conversion of all hereditary grants into Life grants.

3. The Inam Superintendent, in his letter No. 57, dated 2nd December 1881, reported that, under the authority of the Order of 27th February 1880, 67 hereditary grants had been treated as Life grants, that in 21 of these cases, the title-deeds had been recalled, and in 3 of these 21 cases, title-deeds for Life grants in lieu of the original hereditary grants had been issued.

4. Upon the receipt of this report, the late Dewan observed in Proceedings No. 2810—66, dated 17th July 1882, that the actual conversion of hereditary into Life grants had not been ordered, that it was desirable to effect a settlement of these cases *de novo*, and that till such settlement could be made, the grants in question should be continued to the actual recipients.

5. The Inam Superintendent, in letter No. 34, dated 8th August 1882, recommended that a settlement once made should not be disturbed subsequently.

6. The Dewan has given his best consideration to the question and is of opinion that the orders conveyed in the late Chief Commissioner's Proceedings dated 27th February 1880 should be treated as null and void being opposed to the express provisions of Rule VII of "Rules for the settlement of Ready Money Grants" which, having received the sanction of the Government of India, have the force of law in this Province. The procedure prescribed in the Rule above quoted is in itself just and proper, and Colonel Grant reports in para 3 of his letter of 8th August 1882 that all the 67 cases under consideration have been carefully enquired into and settled in strict accordance with Rule VII. Such settlement will not now be disturbed and the Inam Superintendent will be requested to instruct the Deputy Commissioners to give effect to the same, withdrawing the orders issued on the authority of the Chief Commissioner's Proceedings of 27th February 1880. In the 5 cases in which Life grant certificates have already been issued (as stated in para 2 of Colonel Grant's letter of 8th August 1882) they should now be withdrawn and the original hereditary title-deeds should be re-issued in lieu thereof.

7. In regard to title-deeds for grants in favor of Muzarayi institutions, the Dewan is of opinion that formal deeds are not required in the case of institutions under the direct management of Government; but even in their case, extracts from the settlement register should be given to the parties interested. If the preparation of formal title-deeds to the institutions in question is not likely to involve any considerable additional work, then in that case they may be issued (in lieu of extracts from settlement register above referred to) so as to secure uniformity in the operations of the Inam Department. The Superintendent of Inam Settlement will be requested to take needful action accordingly.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Inam Superintendent.
The Deputy Commissioners of Districts.
The Comptroller.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 13th July 1888.

No. 508, dated 20th August 1884.
No. 1187, dated 16th February 1885.

From Deputy Commissioner, Kolar District.
No. 848—294, dated 26th October 1885.
No. 1105—384, dated 9th December 1885.

From Deputy Commissioner, Kadur District.
No. 557, dated 26th January 1886.

From Deputy Commissioner, Mysore District.
No. 708, dated 18th January 1886.

No. 2983-92—CIR. 85, DATED 13TH JULY 1888.

ORDER.—The "Gograsa" allowances to temples and individuals have been confirmed under the authority of Rule II of the "Rules for the settlement of Ready Money Grants." The Inam settlement has been as shown in the appended statement. The Dovadaya grants must be continued so long as the object of the grant is duly fulfilled and personal grants during the life of the grantee.

2. The grants are not payable out of octroi duty which is levied by, or credited as such to, Municipalities. They should be paid out of actual sayer realizations, or out of half the octroi revenue credited to Provincial revenue as sayer.

Total Decrease Rs....		180

5. Under the head Medical, Dispensaries, &c., the Budgets submitted provide Rs. 24,820 or Rs. 4,065 more than in 1887—88 in consequence of the additional allotments as detailed in the margin. These will be retained and the necessary provision will be made by this Office for the cost of the proposed branch Dispensary at Erangere in the Town of Mysore and for the Dispensaries recently sanctioned for Sidlaghatta, Malur, Gudibanda and Goribidnur in Dewan's Proceedings No. 1682-5--80 of 13th June 1888.

Chitaldroog District—
- ⅔ cost of the proposed Dispensary at *Chellakere* and that at *Hosdurga* sanctioned in Dewan's Proceedings No. 695—98 of 12th June 1888.

Kolar District—
- Full cost of the Bagepalli Dispensary. *Vide* Dewan's Proceedings No. 5628-31—261 of 22nd December 1887.
- ⅔ cost of Chintamani and Mulbagal Dispensaries. *Vide* Dewan's Proceedings No. 1682-5—86 of 13th June 1888.

Mysore District—
- Heggaddevankote—Full cost instead of ⅔. *Vide* Dewan's Proceedings No. 654-8—17, dated 2nd May 1888.
- ⅔ cost of Chamrajnagar. *Vide* Dewan's Proceedings No. 1478¾—80, dated 12th October 1887.
- ⅔ cost of the proposed Dispensaries at Malvalli and Gundlupet.

Tumkur District—
- ⅔ cost of the proposed Dispensaries at Turuvekere, Koratagere and Huliyar.

6. As regards the Dispensary at Sollebail in the Kadur District sanctioned in Dewan's Proceedings No. 2664---7 of 24th February 1888 for the maintenance of which the Planters are expected to contribute Rs. 500 annually, the Deputy Commissioner is requested to report whether the Dispensary has been opened and how it is proposed to treat the receipts and expenditure connected with it in the District Fund accounts.

7. The sanctioned charge for Malnad allowance to the Hospital Assistant at Yedahalli is Rs. 10 and that in the case of Mudgere is Rs 15 per mensem, the District Funds contributing ⅔rds of the former and the whole of the latter. The provision for this purpose would accordingly amount to Rs. 80 for Yedahalli and Rs. 180 for Mudgere instead of Rs. 120 for each as erroneously entered in the budget of the Kadur District.

8. The provision for house rent for the Dispensary at Nagar will be raised from Rs. 12 to Rs. 36 as it is now reported that the Dispensary has been removed to a more suitable building selected by the Civil Surgeon, the rent for it being Rs. 3 per mensem.

9. A sum of Rs. 140 is entered in the budget of Chitaldroog for furniture for Hiriyur Dispensary. This is unnecessary, as furniture was supplied to this Dispensary during the past official year and a bill for Rs. 183—12—0 being the amount of actual charges incurred for this purpose was sanctioned in Dewan's Proceedings No. 5858-60—94, dated 7th January 1888.

10. The budgets of the Hassan and the Chitaldroog Districts make no provision for travelling allowances to the Hospital Assistants in charge of the Local Fund Dispensaries.

11. As in the past year, Rs. 500 and 200 respectively have been entered in the budgets of Tumkur and Shimoga on account of feeding in-patients in Dispensaries These will be retained, subject to the early submission of the Deputy Commissioners' opinions called for in para 12 of Dewan's Proceedings No. 1721-32—46 of the 2nd July 1887.

12. No provision has been made in the budget of Chitaldroog for the pay and allowance to the peon to the Deputy Inspector of Vaccination sanctioned in Dewan's Proceedings No. 4473-75—67 of 16th November 1887. The omission has been supplied by this Office.

13. The estimated cost of Medical scholarships based on the Orders in Dewan's Proceedings No. 5832-43—149 of the 24th December 1887 amounts to Rs. *3,200. This sum will be debited equally to the District Funds of all the Districts.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 13th July 1888.

READ THE FOLLOWING PAPER :—

Docket from the Deputy Commissioner, Kolar District, No. 61—20, dated 14th April 1888, submitting the Budget Estimates of the Municipalities in the Kolar District for the official year 1888—89.

No. 2435-46— CIR. 64, DATED 13TH JULY 1888.

ORDER THEREON.—The Municipal revenue of the Kolar District for the current official year inclusive of a probable opening balance of Rs. 41,671 is estimated at Rs. 58,167 and the expenditure at Rs. 17,723, leaving a probable closing balance of Rs. 40,444 as shown below :—

Name of Municipalites.	Opening balance.	Receipts during year.	Total Receipts.	Expenditure.	Closing balance.
1. Kolar	2,504	5,120	7,624	5,812	1,812
2. Bowringpet	2,514	1,320	3,834	1,456	2,378
3. Malur	3,127	639	3,766	1,165	2,601
4. Srinivaspur	1,406	600	2,006	596	1,410
5. Chintamani	5,479	1,600	7,079	1,823	5,256
6. Mulbagal	2,346	1,113	3,459	1,052	2,407
7. Sidlaghatta	11,340	2,198	13,538	1,955	11,583
8. Chikballapur	9,235	2,765	12,000	2,762	9,238
9. Bagepalli	639	303	942	299	643
10. Gudibanda	1,629	369	1,998	369	1,629
11. Goribidnur	1,461	460	1,921	434	1,487
Total.....	41,671	16,496	58,167	17,723	40,444

2. *Receipts.*—The estimate of income from octroi in Bowringpet *viz.*, Rs. 500 is double that of past year ; it is however based on the actuals of 1886—87 and those of the first six months of 1886—87 and 1887—88. The tax is confined to cloth in all the Municipalities in the District. The Deputy Commissioner is requested to report the existing arrangement for its collection and supervision.

3. The miscellaneous items of revenue such as amarayi, sale of lands, sale of manure, sale of grass, &c., the receipts from which are at present insignificant seem capable of improvement. Necessary steps should be taken for their development.

4. The estimate of charges under the head Conservancy amounts to Rs. 3,672 or Rs. 318 more than that for 1887—88 in consequence of the increases provided as noted in the margin. These are passed.

EXPENDITURE.

	Total Rs.....318	

5. *Lighting.*—Lump sums have been provided for lighting in all Municipalities except Bowringpet, Bagepalli and Gudibanda. Details for them under the marginally noted heads should be submitted.

Number of lamps—
Rate per lamp if the lighting is given out on contract, otherwise cost of oil, wicks, lamps, pay of lamp lighter, &c.

6. The proposed outlay on Public Works amounts to Rs. 6,305 against Rs. 8,820 in 1887—88. It is not clear whether this amount includes the Public Works Department mileage allotments to be contributed annually to Municipalities under Public Works Department Circular No. 32 of 16th April 1886 for the maintenance of the portions of the *through Provincial Roads* lying within their limits. No provision appears for this contribution on the side of receipts. This point requires explanation.

2. The foregoing increases and decreases are explained in the Budget sheets I of Receipts and Expenditure.

3. The sum of Rs. 550 entered in the Budget of Receipts now submitted under a separate head "Tax on Hackney Carriages" is the revenue expected from license

fees on Hackney Carriages under the new Hackney Carriage Rules. This will therefore be transferred to III (*b*) Other licenses. Details for this estimate should be furnished.

4. The estimate of income under the head X (*g*) Miscellaneous sale of manure is Rs. 600 or Rs. 1,000 less than that of the past year. This decrease is explained to be due to the introduction of contract system for removal of sweepings, the contractor under this system being allowed the sweepings in consideration of the establishment he has to maintain for their removal. The sum of Rs. 600 referred to is the estimate of realizations from sale of manure in the Divisions where the contract system is not yet introduced. The present Budget newly provides a sum of Rs. 25 for income from scavengering fees; the rate of the fees and the localities where they are levied are not stated. Information on these points as well as full details regarding the contract system referred to will be called for together with a report of the steps taken for gradually developing this source of Municipal income, *viz.*, disposal of manure, rubbish, &c.

5. In consequence of the enhanced rates of slaughter house fees sanctioned in the Dewan's Proceedings Camp No. 360, dated 8th May last, the estimate of income from the fees will be raised in the present Budget to Rs. 1,344, the amount for which the right of collecting them is said to have been leased out to a contractor.

6. No estimates for receipts have been entered under the marginally noted heads for which provisions had been made in the past year. In para VI of the Proceedings of the City Municipal Board dated 21st December last, it has been resolved to grant the western portion of the Municipal Bandy Stand free of cost for the erection of a Muhammadan Girls' School. This may account for the absence of provision for income under "Bandy Stand contract." The omission of the estimates under the other items requires explanation.

7. *Expenditure.*—The expenditure under all heads for the current year is estimated at Rs. 93,862 against Rs. 94,100 in the past year, showing a net decrease of Rs. 238. The total decrease, however, amounts to Rs. 7,663 as per marginal details and the total increase to Rs. 7,425 as specified below.

			Total Increase Rs		7,425

8. Owing to the recent transfer of the Petta Civil Dispensary to the St. Martha's Hospital, the provision heretofore made in the City Budget for this purpose has now been struck out. In regard to the request of the Municipal Board to be relieved of the cost of the salary of the Assistant Surgeon attached to the Maternity, the Dewan is of opinion that the Municipality are entitled to some relief in the matter. They already contribute largely towards the Medical Service of the City. In addition to the contribution paid to St. Martha's Hospital and the whole cost of two Dispensaries, they also pay for the Maternity. Under such circumstances the cost of the Assistant Surgeon in charge of the Maternity will not be charged to the Municipality, but be borne by the Provincial Medical Budget.

9. In November last, the City Municipality recommended increase of Rs. 25 to the pay of the Matron in the Maternity, Rs. 15 to be disbursed from that month and Rs. 10 from April 1888. The increase sanctioned in the Officiating Dewan's Proceedings No. 2530 dated 10th February 1888 is only Rs. 15 per mensem. The further increase of Rs. 10 provided for in the current year's budget is now sanctioned. The other increases including the allotment made for a second Branch Dispensary are sanctioned.

10. The provision under Education grant-in-aid will be raised by Rs. 120 to meet the proposed increase of grant-in-aid to the Muhammadan Girls' School from Rs. 20 to Rs. 30 per mensem.

11. The allotment under Public Works Supervision inclusive of the Khalihat Establishment is Rs. 2,756, being the same as in the past year. This comprises a provision of Rs. 60 against Rs. 75 in the past year for the pay of Municipal Public Works Overseer. In accordance with the Dewan's Proceedings No. 1137-8—91,

dated 16th May 1888, sanctioning the appointment of one Mr. Fullenfaw as Municipal Overseer in room of Vasantappa re-transferred to the Government Public Works Department, the provision to be made for the former is Rs. 35-15 per mensem or Rs. 600 per annum. From the savings under this head, it is proposed to increase the pay of 3 Sub-Overseers from Rs. 15 to Rs. 20 instead of the Pony allowance of Rs. 5 hitherto paid to them from Road Funds. This proposal is approved. The estimate under Public Works Supervision will accordingly be reduced to Rs. 2,636.

12. The proposed outlay on Public Works amounts to Rs. 23,076 as detailed in the Budget Statement No. II. This is passed subject to the submission of Estimates and Notifications of sanction for works in due course.

13. With the above remarks, the Budget Estimates of the City Municipality under review are sanctioned and they stand as shown in the margin. The accompanying statements I and II and Appendicies A and B contain details of these estimates.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 27th July 1888.

READ THE FOLLOWING PAPERS:—

The Budget Estimates of the Municipalities in the Hassan District for 1888—89 and letters relating thereto received from the Deputy Commissioner of the District No. 55—5, 69 and 113 of the 28th April, 7th May and 4th June 1888 respectively.

No. 3010-22—CIR. 86, DATED 27TH JULY 1888.

ORDER THEREON.—The estimates of receipts and expenditure of the 15 Municipalities in the Hassan District for the current official year are as shown in the subjoined abstract statement :—

Municipalities.	Opening balance.	Receipts.	Grand Total.	Expenditure.	Closing balance
Hassan	7,308	6,025	13,333	6,458	6,875
Alur	4,059	611	4,670	572	4,098
Saklespur	4,030	688	4,718	1,563	3,155
Belur	6,043	1,545	7,588	1,600	5,988
Banawar	1,386	459	1,845	1,217	628
Harnahalli	2,090	385	2,475	625	1,850
Arsikere	696	321	1,017	649	368
Channarayapatna	3,457	829	4,286	2,751	1,535
Arkalgud	5,595	1,306	6,901	2,337	4,564
Holé-Narsipur	6,469	1,332	7,801	2,616	5,185
Total.....	41,133	13,501	54,634	20,388	34,246

2. The Municipality of Arsikere is maintained from the proceeds from Cattle Pounds and Miscellaneous items and from a moiety of the house and mohatarfa taxes, no octroi being levied in it as directed in Dewan's Proceedings No. 193-5—8, dated 12th April 1883. The Deputy Commissioner now proposes that as the Town is growing in importance and its income is insufficient for Municipal purposes, octroi may be allowed to be collected on the first four of the marginally named articles recommended by the Municipal Board of the Town. The proposed levy of octroi in this Minor Municipality cannot be sanctioned. Any other proposals which the Municipality may make for the development of its revenue in accordance with the existing orders will receive due consideration.

(1) Cocoanut, fresh.
(2) Do dry.
(3) Tobacco with stalks.
(4) Sheeps, goats and bullocks.
(5) Betel-leaves.
(6) Oil seeds.
(7) Chillies.
(8) Jaggory.

3. A sum of Rs. 20 is newly entered in the budget of Belur under Rents on account of rents from houses.

4. The budgets under review make no provision for contributions payable by the Government, Public Works Department, for the maintenance of the through Provincial roads within Municipal limits under Public Works Circular No. 32 of the 16th April 1886. This requires explanation.

5. The estimate of income from school fees in Saklespur is Rs. 100 or Rs. 50 less than that in the past year. This, it is observed is much less than half the estimated cost of the English school in the Town.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 27th July 1888.

6. *Expenditure.*—Under the head Collection charges, the estimate in Hassan amounting to Rs. 384 exceeds that of the past year by Rs. 240 in consequence of the provision made for the proposed entertainment of 4 peons on Rs. 5 each per mensem temporarily for one year to be placed in charge of two Ukads as an experimental measure to prevent smuggling of the articles subject to octroi in the Town. This is approved.

7. *Conservancy Establishment.*—The proposed increases under the head Conservancy which amount to Rs. 372 as noted in the margin are sanctioned.

PART I.

GENERAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 7th July 1888.

READ THE FOLLOWING PAPERS :—

From the Dewan to His Highness the Maharaja of Mysore, To the Resident in Mysore, No. 38, dated Bangalore, 2nd February 1887.

I have the honor to acknowledge the receipt of your office letter No. 3341—3706, dated 16th December 1886, and, to thank you for your kind support in the matter of the use of service stamps by Darbar Officials for State correspondence from Mysore to British Post Offices and *vice versa.*

2. With reference to the Post-master General's enquiry as to the conditions and arrangements the Darbar would like to enter into, I beg to say that we have asked for no new arrangement, but only for a continuance of the existing practice. In Postal matters we succeeded to certain obligations and privileges. We have been fulfilling the former and we desire to be allowed to enjoy the latter. Our position thus is in no way analogous to the case quoted by the Post-master General in the concluding para of his letter to your No. 12612—*a* 576, dated 23rd November 1886. The existing practice in Mysore which the Darbar desire to be continued is as follows :—

(1). British service stamps to be purchased at the Resident's Treasury at Bangalore, or at the Government Treasury, Ootacamund, by the following Darbar Officials :—
  (*a*) The Comptroller to the Mysore Government.
  (*b*) The Dewan and his Secretaries.
  (*c*) The Private Secretary to His Highness the Maharaja.
  (*d*) The Darbar Bakshi in waiting upon His Highness the Maharaja.

(2). British service labels not to be used for any correspondence between any two stations within the Mysore Territories, but only for *bonâ fide* State correspondence between a station in Mysore and another station in British Territory, or between two stations in British Territory, when His Highness the Maharaja is travelling or sojourning outside Mysore, or when the Dewan is travelling *on duty* outside Mysore.

(3). The list of Darbar Officials authorized to frank is appended, and any alteration in the list will be duly communicated to the Post-master General through the Resident.

3. In conclusion, I beg to return the list received from the Post-master General duly filled in.

List of Native States in the Mysore Postal Circle allowed to use Service Postage Labels for official correspondence posted within the limits of the State.

From the Assistant to the Resident in Mysore, To the Dewan of Mysore, No. 1845—3706, dated Bangalore, 31st May 1888.

With reference to the correspondence ending with your letter No. 38, dated 2nd February 1887, I am directed to forward, for the information of the Darbar, a copy of a letter No. C. 78—2715, dated 21st May 1888, from the Post-master General, Madras, intimating the sanction of the Director-General of Post Offices, India, to certain Darbar Officers being allowed to use Service Postage labels for official correspondence which will travel entirely or for a portion of its transit through British Territory.

2. A copy of this office letter No. 612-3706, dated 28th February 1887, referred to in the Post-master General's letter, is also enclosed.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 7th July 1888.

From the Assistant to the Resident in Mysore, To the Post-master General, Madras, No. 612—3706, dated Bangalore, 28th February 1887.

With reference to the correspondence ending with your letter No. 12612—a5-6, dated 23rd November 1886, on the subject of the use, by Native States, of British Service Postage labels, I am directed to enclose a copy of letter No. 38, dated 2nd February 1887, from the Dewan of Mysore, in which it is stated that the Darbar have asked for no new arrangement, but only for a continuance of the existing practice under which British Service Postage stamps are used by officers of the Mysore Government.

2. The list of Darbar Officials to whom it is proposed to extend the privilege of using British service stamps is enclosed, prepared in the form received with your letter cited above.

3. For the reasons assigned in the previous * communication from this office, and under the circumstances explained in the Dewan's letter, I am to state that the Resident will be obliged if the privilege of using British Service stamps be allowed to continue in the manner as now requested by the Darbar.

* No. 2692—3706, dated 25th September 1886.

From the Post-master General of Madras, To the Assistant Resident, Mysore, No. C. 78—2715, dated Camp Bangalore, 21st May 1888.

With reference to the correspondence ending with my letter No. 19173—145-6, dated 30th March 1887, I have the honor to intimate, for the information of the Resident, that the Director-General of the Post offices has accorded sanction to the officers of the Native State of Mysore named in the two lists received with your letter No. 612—3706, dated 28th February 1887, being allowed to use Service Postage labels for official correspondence which will travel entirely or for a portion of its transit through British Territory.

2. The necessary instructions have been issued to the Post offices in Mysore and to the Ootacamund office, and intimation will be given to other offices generally by means of a circular.

No. 2243-74—Cir. 57, dated Bangalore, 7th July 1888.

Order.—Communicated to the Officers concerned for information and guidance.

PART I.

PUBLIC WORKS.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works),—dated 13th July 1888.

Maintenance of Tanks that have been brought up to standard.

No. 3273-80--641-48, DATED 13TH JULY 1888.

ORDER.—Several instances have recently been brought to the notice of Government of the gross neglect of the Rules published in Chief Commissioner's Notification No. 65 of 2nd October 1873, which require the maintenance by the ryots of all tanks that have been restored or brought up to standard by the Public Works Department; and there is reason to suppose that there is a general evasion of these Rules, resulting in a deterioration of such tanks, and rendering them liable to destruction, which actually occurred recently to two important tanks that were restored at a large outlay by the late Irrigation Department.

II. It has therefore become necessary to devise some means which will ensure this important matter of maintenance receiving that amount of attention that it deserves.

III. With this end in view, the accompanying list has been drawn up of all tanks throughout the Province that have been restored or brought up to standard by Government, or by the ryots, or by both, since 1870 (when the operations of the late Irrigation Department first began), and about which there can be no doubt on the question of the ryots' liability to maintenance.

IV. Extracts from the above list should be sent by the Deputy Commissioners to each Amildar or Deputy Amildar, with distinct orders requiring him to inspect each of the tanks entered therein, as early as possible, for the purpose of satisfying himself that it is duly maintained at the standard fixed for it, filling in on the spot the particulars as to present condition of bund, &c., in printed forms which will shortly be issued for the purpose. Such inspection of these particular tanks in each taluk should be completed before the 1st December 1888, the files of statements being submitted monthly to the Deputy Commissioner for information and orders.

V. Before the 31st December 1888, Deputy Commissioners should submit to this office, a brief report with abstract tabular statements for each taluk, showing the present condition of the tanks in question, and the steps taken to ensure the maintenance of each of them at the standard fixed for it.

VI. Arrangements will be made for the fixing of grade stones to such of these tanks as may be without them, or for the refixing of same when necessary.

VII. It is hoped that Deputy Commissioners will see that the regular inspection of the tanks ordered in para 8 of the Rules of 1873 will be made, and that they will enforce the orders contained in para 9 of the Rules, which require that, if the ryots fail to do the needful repairs, the work should be carried out by the Amildar, and the cost recovered from the defaulters. It should be borne in mind that the responsibility of enforcing the Rules, which have the force of law, rests with the Revenue officers.

By Order,

C. BOWEN, LIEUT.-COL., *R. E.*,
Secretary to the Govt. of Mysore, D. P. W.

To—All Deputy Commissioners of Districts.

REVENUE

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 8th August 1888.

READ THE FOLLOWING PAPER :—

Petition dated 29th June 1888, from Hanume Gauda of Kengal Koppal in the Seringapatam Taluk, appealing against the French Rocks Sub-Division Officer's order dated 21st February 1888, directing the resumption of a Makkan Inam land mortgaged to Petitioner.

No. 3454-62—CIR. 104, DATED 8TH AUGUST 1888.

ORDER THEREON.—The Sub-Division Officer's order for resumption is in accordance with Clause B, Para II, of the late Chief Commissioner's Notification No. 266 of the 17th November 1877. But under a subsequent ruling of the Dewan, Proceedings No. 7704-12—234, dated 5th January 1882, such resumption is to be resorted to only in exceptional cases of important institutions.

2. The Deputy Commissioner, Mysore District, will accordingly be requested to enquire and decide whether the institution under reference is of such importance as to call for actual resumption and restoration of the land, or whether the resumption of the Inam tenure and confirmation of it to the alienee on full kandayam would be sufficient.

3. It is not clear whether the Petitioner is a mortgagee or a purchaser. If he is only a mortgagee and if the Inam land is not redeemed within a reasonable time, then, the resumption of the Inam tenure as above need alone be ordered if the institution is not one of any importance. On the other hand, if Petitioner has "Ulme" hak, even the order for resumption of the land itself, under the Chief Commissioner's Notification No. 266, dated 17th November 1877, must not affect that right, and only the kandayam or rent according to original terms of tenancy can be made over to the Makkan, the alienation (by sale or martgage) being cancelled and the previously existing relation between the Makkan and the Petitioner being restored.

4. The Deputy Commissioner will decide the case on the principles above set forth, and pending such decision, present possession should not be disturbed.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Mysore District, with the petition and its enclosures.
Copy to the Deputy Commissioners of other Districts.
Copy to the Superintendent of Inam Settlement.

FINANCIAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 1st August 1888.

READ THE FOLLOWING PAPERS :—

The Budget Estimates of the Municipalities in the Shimoga District for 1888—89 and dockets from the Deputy Commissioner of the District Nos. 27—25, 41—39 and 43—41, of the 13th, 18th and 23rd April, 1888 respectively.

No. 3061-73—87, DATED 1ST AUGUST 1888.

ORDER THEREON.—The Municipal revenue of the Shimoga District for the current official year, inclusive of a probable opening balance of Rs. 31,557, is estimated at Rs. 56,704; of which it is proposed to expend a sum of Rs. 38,825, leaving a surplus of Rs. 17,879 as shown in the marginal abstract statement.

No.	Municipalities.	Opening Balance.	Receipts.	Grand Total.	Expenditure.	Closing Balance.

	Total.....	25,147	31,557	56,704	38,825	17,879

2. The estimated Receipts, compared with those of the past year, exhibit increase in all Municipalities except Shimoga, Sagar and Benkipur where they have fallen off. In Shimoga and Sagar, the falling off is in the estimates of Octroi on cloth which seems to be based on the actuals, while the decrease in the case of Benkipur is nominal, due to the estimate of the past year having included an extra item of Rs. 460 being a loan to it from Provincial Funds.

3. The actual opening balances at the credit of the several Municipalities in accordance with the accounts for March last are noted in the margin. The balance in Shimoga amounts to Rs. 7,583 being Rs. 957 less than the estimated figure. The proposed expenditure of Rs. 21,903 in this town exceeds its budgetted income of Rs. 21,028 inclusive of the actual balance by Rs. 875, the main item of permanent increase provided for is Rs. 960 under conservancy charges, in connection with which the Municipal Board represent that 8 additional sweepers on Rs. 5, 2 peons on Rs. 5, and 2 carts at Rs. 15, each per mensem, maintained out of the temporary establishment sanctioned during the prevalence of cholera in the past year, may be borne on the permanent establishment, contingent on the Government sanctioning the proposals for the increase of Municipal revenues already submitted by them. These proposals are now under consideration and will be dealt with separately.

6. The budget of Sagar newly provides a sum of Rs. 260 for lighting in the town and the Deputy Commissioner explains that the charge is recommended by the Municipal Board of the town, the available balance at its credit being capable of meeting the same. The provision is passed.

7. Under "Education," provision is made for the estimated cost of the English School recently sanctioned for Nyamti and for the proposed increase to the pay of the Head-master of the Siralkoppa English School from Rs. 10 to 15 per mensem, the fee income from the school being available for this purpose. The increased provisions are sanctioned.

8. Details of the budgets under review in accordance with the foregoing remarks are given in the accompanying Appendices A, B and C.

R. VIJAYIDRA RAO,
Chief Secretary.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 1st August 1888.

READ THE FOLLOWING PAPERS:—

The Budget estimates of the Municipalities in the Chitaldroog District for 1888—89 and references relating thereto as noted in the margin.

1. Docket from the Deputy Commissioner, Chitaldroog District, No. 432—39, dated 27th February 1888.
2. Do Do Do No. 13—3 of 11th April 1888.
3. Do Do Do No. 44—41 of 5th May 1888.
4. Do Do Do No. 66—63 of 30th May 1888.

No. 3074-86—CIR. 88, DATED BANGALORE, 1ST AUGUST 1888.

ORDER THEREON.—The estimated receipts and expenditure of the nine Municipalities in the Chitaldroog District for the current official year are shown in the following abstract statement:—

Municipalities.	Estimated Opening Balance.	Estimated Income.	Total.	Estimated Expenditure.	Estimated Closing Balance.
Chitaldroog	172	4,110	4,282	3,820	462
Davangere	327	3,400	3,727	3,524	203
Harihar	1,055	2,340	3,395	2,435	960
Hiriyur	304	550	854	790	64
Hosdurga	703	830	1,533	955	578
Holalkere	265	505	770	680	90
Challakere	94	320	414	350	64
Jagalur	380	510	890	650	240
Molakalmuru	746	848	1,594	890	704
Total.....	4,046	13,413	17,459	14,094	3,365

2. The estimates under receipts comprise two new items, *viz.* Rs. 170 and Rs. 800 respectively on account of the fees from the English School recently sanctioned for Harihar and the contribution by the towns-people of Davangere for Local Municipal Police. In the budget of Chitaldroog a sum of Rs. 50 is entered under Miscellaneous for water-cess and other items against Rs. 40 in the past year. The exact nature of this cess from which a sum of Rs. 4—4—0 is shown as having been realized in 1886—87 and the authority for its levy should be reported early.

3. The budget of Chitaldroog for the past year provided for an expenditure of Rs. 250 over and above the estimated income for the year, reducing the probable closing balance to Rs. 172. This was considered unsatisfactory in para 10 of Dewan's Proceedings No. 3185-97—40 of 31st August 1887 in which the Deputy Commissioner was requested to reduce the establishment, arranging for the development of Municipal income. Accordingly, the marginally noted reductions were effected last year. Nevertheless the Municipal Board of Chitaldroog observe that deficit seems unavoidable as Muncipal revenue has fallen considerably owing chiefly to the diminished importation of piece goods; the establishment charges are not susceptible of any further reductions; and funds are wanting for the needful repairs to roads. It is therefore proposed that the octroi duties abolished

Reductions.—

under orders contained in Dewan's Proceedings No. 3042-7—99 of 27th August 1885 be renewed in the town of Chitaldroog on 12 articles named in the margin.

1.	Sugar at 4 annas per maund	60
2.	Jaggory at 2 annas per maund	90
3.	Butter at 4 annas per maund	30
4.	Ghee at 8 annas per maund	90
5.	Cocoanuts, fresh 8 per 100	100
6.	Do do 8 annas per maund	20
7.	Oil-seeds (gingelly and castor-oil seeds) at 4 annas per Kandi of 160 seers	50
8.	Oils do do 2 annas do ...	30
9.	Kerosine oil, 2 annas per tin	30
10.	Tobacco Re. 1 per maund	100
11.	Betel leaves at 2 pies per bundle of 100 leaves	150
12.	Sheep and goats at 2 annas per head	50
	Total Rs.....	800

The tax was abolished in accordance with the repeated* recommendations of the Municipal Board on the ground of the octroi being vexatious in its nature: the Dewan cannot sanction its re-imposition. As regards, however, the unsatisfactory state of Municipal finances in the town, the Deputy Commissioner will, before considering the question of additional taxation, be requested to submit details of the present house and mohatarfa taxes in the marginally noted form, together with a report regarding the existing arrangement for the collection and supervision of octroi on cloth and to take steps to develope the present sources of Municipal revenue including miscellaneous items such as sale of manure, sale of grass, &c.

4. Under Public Works Department Circular No. 32, dated 16th April 1886, the mileage allotments for provincial roads within Municipal limits have been transferred to Municipalities for the maintenance of these roads. The budgets under review make no provision for this purpose. This omission requires explanation.

5. It would appear that the sale proceeds of fort stones in the town of Chitaldroog used to be formerly credited to Muncipal Funds but since the revision of 1882, they are being credited to Provincial Funds under "XIX Miscellaneous." The average income from this source calculated on the receipts during the past five years amounts to Rs. 25 per annum. Under these circumstances, the Deputy Commissioner proposes to credit the sale proceeds to Municipal Funds. The proposal is sanctioned.

6. The estimates of charges under the collection and conservancy establishments show slight increases as noted in the margin. These are passed.

Expenditure—	
Collection—Mutsaddi's pay to be raised from Rs. 7 to 8 per mensem ... at Harihar	+ 12
Conservancy—	
Increase of pay of peon from Rs. 4 to Rs. 5 at Harihar ...	+ 12

7. The Inspector General of Police proposes the entertainment of Local Police for Davangere as the town is improving and the towns people who find it inconvenient to do patrol duty during nights under the late Chief Commissioner's Notification No. 20, dated 30th April 1879, have agreed to contribute the full cost of the Police for the 1st year and moiety of the cost for subsequent years. Provision has accordingly been made in the budget of the town for the current year for establishment costing Rs. 800 as per marginal details against an entry of a similar sum on the side of receipts on account of contributions from the inhabitants which will be recovered along with the annual municipal tax due from them. This arrangement is approved.

4 1st Class Constables at Rs. 6	...288
4 2nd do at Rs. 5	...240

8. As in the past year, the budget of Harihar also provides Rs. 500 for contributions from the inhabitants of the town for Police charges for which Rs. 500 have been entered under expenditure. With regard to this provision, the early submission of the report called for in para 7 of the Dewan's Proceedings No. 5549-59—85, dated 10th November 1886, will be awaited.

9. The proposed outlay on Public Works amounts only to Rs. 2,405 against Rs. 5,165 in 1887—88 distributed as noted in the margin.

10. In the budgets under review, a sum of Rs. 240 has been provided for the pay of a midwife, the charge being debited rateably to all Municipalities in the District. The Deputy Commissioner will make a proper selection and give the experiment a fair trial, reporting the result at the end of the year to Government.

11. The increase under Education is due to the provision made for the ¾ths cost of the English School recently sanctioned for Harihar.

12. The Deputy Commissioner proposes to raise the pay of the Pound-keeper at Chitaldroog from Rs. 6 to 8 per mensem, the pound receipts being estimated at Rs. 250 for the current year. There is no Pound-keeper in the towns of Kolar, Hassan and Tumkur; while in each of the towns of Shimoga and Chikmagalur, the pay of the Pound Mutsaddi is Rs. 7 per mensem. The charge on this account in Tarikere is Rs. 6 per mensem. The pound collections in these towns are as noted in the margin. The present condition of Municipal funds in Chitaldroog precludes the possibility of increases to permanent establishments. The proposal referred to may therefore be postponed for the present.

R. VIJAYINDRA RAO,
Chief Secretary.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 1st August 1888.

READ THE FOLLOWING PAPERS :—

Dockets from the Deputy Commissioner, Kadur District, Nos. 2 and 31 of the 4th and 7th April 1888, submitting the Budget Estimates of the Municipalities in the District for 1888—89.

No. 3087-98—CIR. 89, DATED 1ST AUGUST 1888.

ORDER THEREON.—There are seven Municipalities in the Kadur District including that recently sanctioned for Sringeri ; their estimated receipts and expenditure for the current official year are as noted below :—

Municipalities.	Opening Balance	Estimated Receipts.	Total.	Estimated Expenditure.	Closing Balance.
1. Chikmagalur	5,000	13,000	18,000	14,750	3,250
2. Tarikere	590	3,770	4,360	3,940	420
3. Birur	880	2,320	3,200	2,620	580
4. Kadur	350	950	1,300	1,062	238
5. Yedaballi	150	540	690	555	135
6. Ajjampur	50	520	570	440	130
7. Sringeri	...	2,205	2,205	1,925	280
Total.....	7,020	23,305	30,325	25,292	5,033

2. *Receipts.*—The new minor Municipality of Sringeri has, as a special case, been allowed to levy octroi on such articles as would yield a fair income without bearing heavily on the public and proving oppressive. The proposal to tax chillies and oil is objectionable, and the Dewan is not prepared to sanction it.

3. The Deputy Commissioner is requested to explain the nature of the item " Furnace" under the head Mohatarfa in the budget of Ajjampur.

4. *Expenditure.*—Under Head Office Charges provision has been made to raise the pay of the Municipal Clerk in the District Office from Rs. 20 to Rs. 25 per mensem as recommended by the Municipal Board of Chikmagalur in para 2 of their Proceedings of January 1888. The Board also propose to raise the pay of the Mohatarfa Mutsaddi in the town from Rs. 5 to Rs. 10 and to entertain a Peon on Rs. 6 to assist him. These increases are sanctioned.

5. The estimated expenditure under the head Conservancy in Chikmagalur is Rs. 3,376 against Rs. 3,994 in 1887—88. This is said to be due not to any reduction in the establishment but to the figures of the year being based on the actual cost of the present establishment. There is also a decrease of Rs. 240 in the estimate for Tarikere owing to the provision for 2 latrine sweepers on Rs. 10 each entered in the budget of the past year having been omitted in that for the current year.

6. A sum of Rs. 343 is newly entered in the budget of Kadur under Lighting, as the Municipal Board of the town propose to arrange for lighting. This is passed. Details should be furnished for this amount and for the provisions made for this purpose in the towns of Chikmagalur, Tarikere and Birur.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 13th August 1888.

READ THE FOLLOWING PAPERS :—

The Budget Estimates of the Minor Municipalities in the Bangalore District for 1888—89 received with the Deputy Commissioner's No. 9 dated 5th April 1888.

Letter No. 21 , dated 5th July 1888 , from the Deputy Commissioner, Bangalore District.

No. 3709-20—CIR. 109, DATED 13TH AUGUST 1888.

ORDER THEREON.—The estimates of receipts and expenditure of the 15 Minor Municipalities in the Bangalore District for the current official year are as noted in the subjoined abstract statement :—

Number.	Municipality.	Opening Balance.	Income during the year.	Grand Total	Expenditure during the year.	Closing Balance.
1	Yelahanka	587	305	892	532	360
2	Kengeri	1,454	395	1,849	696	1,153
3	Hoskote	1,001	948	1,949	1,370	579
4	Dodballapur	1,624	1,495	3,119	2,600	519
5	Nelamangala	2,145	800	3,245	2,106	1,139
6	Tyamagondal	2,325	752	3,077	981	2,096
7	Kankanhalli	1,193	1,101	2,294	2,126	168
8	Magadi	622	1,380	2,002	1,602	382
9	Closepet	371	1,442	1,813	1,740	73
10	Channapatna	2,260	2,520	4,780	4,009	771
11	Anekal	1,121	1,883	3,304	2,257	1,047
12	Sarjapur	298	445	843	656	187
13	Doresandra	339	422	761	551	206
14	Vadigenhalli	1,862	575	2,437	1,007	1,430
15	Devanhalli	3,423	1,335	4,758	1,891	2,867
	Total.....	21,325	15,798	37,123	24,146	12,977

2. The income from sheep tax in Closepet is estimated at Rs. 508 against Rs. 300 in the past year, the actuals for 1886—87 amounting to Rs. 701. The receipts under cart tax in Closepet and Channapatna are estimated at Rs. 145 and 200 against Rs. 50 and 100 in the past year, while the actuals during 1886—87 amounted only to Rs. 52 and 41 respectively. The estimates under Pounds in Dodballapur and Channapatna for the current year *viz.*, Rs. 50 and 200 are the same as those entered under Fines last year, no provisions having now been made in the budgets of these two towns under Fines.

3. The budget of Closepet newly provides a sum of Rs. 35 for income from school fees, Rs. 34 being shown as realizations from this source during the first six months of 1886—87, while nothing is entered for this item under column of actuals for 1886—87. In this town, the Municipality maintains no English School of its own, but contributes a sum of Rs. 10 per mensem to the English School established there by the Wesleyan Mission to supplement a similar grant made from the Provincial revenue under Dewan's Proceedings, Educational Department, No. 201—3 dated 16th April 1886. The estimate of Rs. 35 under this head therefore requires explanation..

4. Under conservancy an increase of Rs. 330 was sanctioned for the year 1886—87 and in 1887—88 an additional sum of Rs. 382 was allowed under this head. The Conservancy estimates for the current year amounting to Rs. 5,032 again provide for an increase of Rs. 480 over those for the past year as detailed in the margin. In consequence chiefly of the proposed increase of Rs. 214 for conservancy charges in Closepet, the total estimate of expenditure in this town exceeds its estimated income by Rs. 298 reducing the probable closing balance to Rs. 73. The increased provisions will however be allowed to stand subject to their being utilized only where absolutely necessary with due regard to the state of Municipal Funds.

	Total.....	504	Total.....	—24	+480

5. The budget of Tyamagondal newly provides a sum of Rs. 100 for lighting, which is said to be necessary in the town as it is large and growing in importance. This is passed. With this town there will be 12 towns in the District in which expenditure will be incurred on account of lighting. The number of lamps provided for each town should be reported.

6. The proposed expenditure under Public Works amounting to Rs. 13,660 against Rs. 15,157 in 1887—88 comprises a sum of Rs. * 1,055 for the Municipal share of the building charges and cost of furniture as regards Taluk Schools, while the provision applied for for this purpose by the Education Department is Rs. † 5,095. The Deputy Commissioner explains that Municipal Funds would not admit of such a large provision as this without greatly reducing the amount available for sanitation and other essential works. This has also been represented to the Education Secretary,

with a view to obtain some relief in the matter. Pending the result of this representation by the Deputy Commissioner, the allotments made in the budgets will be retained.

7. Owing to constant traffic in Closepet, the town roads are reported to be in very bad condition requiring thorough repair. As the Municipal Funds of the town are quite insufficient to meet the cost of their repairs, the Deputy Commissioner * applies for a loan to the Municipality of Rs. 3,000 from Provincial Funds to be repaid in 6 or 10 annual instalments. In consideration of the present state of Municipal Funds of this town, the loan of Rs. 3,000 applied for will be sanctioned from Provincial Funds on condition of the amount being adjusted by the Municipality in 10 equal annual instalments commencing from the next official year. Estimates with plans for the works on which this amount will be expended should be submitted in due course besides the usual notifications of sanction for other works provided for.

* Letter No 217, dated 5th July 1888.

8. The budgets under review seem to make no provisions for the up-keep of Provincial roads within Municipal limits and for the contributions of the mileage allotments payable to Municipal Boards by the Government, Public Works Department, under the Public Works Department Circular No. 32, dated 16th April 1886.

9. In the budgets of the marginally noted towns, lump sums have been entered on account of Dispensary charges. Details for these have been supplied by this office in accordance with the allotments made for them in the District Fund Budget of civil charges for the current year sanctioned in Dewan's Proceedings No. 2187-97—55, dated 7th July 1888.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 27th August 1888.

READ THE FOLLOWING PAPERS :—

The Budget Estimates of the Municipalities in the Tumkur District for 1888—89 submitted with the Deputy Commissioner's docket No. 85 of 8th May 1888.

No. 4121-33—CIR. No. 117, DATED BANGALORE, 27TH AUGUST 1888.

ORDER THEREON.—The estimated receipts and expenditure of the 13 Municipalities in the Tumkur District for the current official year are as shown in the subjoined abstract statement:—

Municipalities.	Estimated opening balance.	Estimated receipts.	Total.	Estimated Expenditure.	Estimated closing balance.
1. Tumkur	2,917	7,780	10,697	10,405	292
2. Bellavi	133	376	509	430	79
3. Koratagere	1,389	448	1,837	1,378	459
4. Gubbi	1,315	1,402	2,717	2,627	90
5. Tiptur	5,573	4,435	10,008	7,290	2,718
6. Maddagiri	693	1,125	1,818	1,556	262
7. Sira	4,106	1,370	5,476	3,437	2,039
8. Chiknayakanhalli	976	1,139	2,115	1,733	382
9. Turuvekere	621	534	1,155	1,143	12
10. Huliyar	331	365	696	456	240
11. Pavagada	177	329	506	487	19
12. Kunigal	689	928	1,617	1,548	69
13. Huliyurdurga	326	168	494	168	326
Total.....	19,246	20,399	39,645	32,658	6,987

2. *Receipts.*—Under Receipts, no provision is again made for income from cloth in Huliyar and no explanation has been furnished for this omission which was pointed out in para 2 of the Dewan's Proceedings No. 3148-60—12, dated 30th August 1887.

3. The total estimate under "Sale of houses and lands" amounts to Rs. 3,700 against Rs. 495 in the past year in consequence chiefly of the large income expected under the head from sales of building sites in Tumkur, Tiptur and Maddagiri. These sales should be reported in due course.

4. The budgets of Tumkur and Koratagere newly provide Rs. 15 and 5 respectively for income from "Scavengering fees." Pending receipt of further explanation with details, the item has been removed.

	Towns.	Amount.
1.	*Tumkur.*—Public Works Department contribution for 2 years	Rs 385
2.	*Tiptur.*—Public Works Department contribution Rs. 94 + contribution by the Towns people for Town Police Rs. 250	344
3.	*Maddagiri.*—Contribution by Towns people for deporting monkeys	100
4.	*Sira.*—Public Works Department contribution	137
5.	*Kunigal.*— Do do	57

5. A sum of Rs. 1,643 has been newly entered under Contributions as per marginal details.

6. *Expenditure.*—The amount budgetted for under Head Office charges is Rs. 420 or Rs. 84 more than that of the past year owing to the proposed horse allowance of Rs. 7 per mensem to the District Municipal Clerk and Overseer on Rs. 20 per mensem. The necessity for this allowance requires explanation and pending its receipt, sanction is withheld.

7. Under Collection provision has been repeated for allowance at Rs. 4 per mensem to the Shanbhogs collecting house tax at Gubbi and Kumgal. The information called for in connection with this charge in para 4 of the Dewan's Proceedings of the 30th August last above referred to, has not yet been submitted. The Deputy Commissioner will explain this without further delay.

Chiknayakanhalli.— do			=24
Do do do			
For one cart	...		
		Total Rs. ...	390

8. The increases provided for under Conservancy amounting to Rs. 390 as detailed in the margin are passed.

9. Under the head Police provision has been newly made in the budget of Tiptur for 3 Constables at Rs. 6 per mensem with Rs. 34 for contingencies and clothing amounting to Rs. 250, this sum having been contributed by the towns-people to free themselves from Police watch duty at nights under the late Chief Commissioner's Notification No. 20 of 30th April 1879, the Deputy Commissioner is requested to report what steps have been taken to recover this contribution regularly and to obtain sanction of Government in due course through the Inspector General of Police.

10. The budget of Maddagiri newly provides a sum of Rs. 50 for lighting charges, the people of the town having fixed lamp posts with lanterns at their own cost on the Sira-Maddagiri road passing through the Municipal limits, the provision is passed.

11. The proposed outlay on Public Works amounts to Rs. * 20,116 against Rs. 15,267 in the past year. The allotment under Buildings, original, in Tumkur will be raised from Rs. 1,800 to Rs. 1,839 as per Dewan's Proceedings No. 708—9, dated 14th June last.

	1887—88.	1888—89.
* Original Works...	9,427	9,633
Repairs ...	4,135	5,773
Compensation ...	1,705	4,390
Reserve		320
Total Rs...	15,267	20,116

12. The estimate of Dispensary charges in Gubbi does not include the provision for house rent for the Dispensary. The omission has been supplied.

13. The allotments under Education amounting in all to Rs. 675 comprise two new items of Rs. 75 and 100 respectively being ¼th cost of English Schools for Maddagiri and Chiknayakanhalli, no provision being made for income from fees. The opening of an English School at Maddagiri was sanctioned with effect from 1st April 1888 in Dewan's Proceedings, Education Department, No. 4178—81 of 6th March last at a total monthly cost of Rs. 25, one half of this being met from fees and the other half equally from the Municipal and Educational funds. Accordingly the necessary estimates for the fee receipts and ¾th cost of establishment, &c., as usual will be provided by this office in the budget of this town. Similar allotments for the school proposed to be opened at Chiknayakanhalli will be provisionally made pending the submission of proposals for the establishment of the school in due course.

14. Under "Miscellaneous" provision has been made for a boy for watering on Rs. 2 besides a waterman on Rs. 5 per mensem for watering and planting trees in Tumkur. The necessity for the entertainment of these two servants for the purpose should have been explained. The Deputy Commissioner is requested to report whether prison labor may not be utilized for the purpose.

15. The accompanying Appendices A, B and C contain details of the Budget Estimates under review.

GENERAL

PART I.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 8th August 1888.

General No. 3389-96.
Cir. No. 99.

OFFICE OF THE DEWAN OF MYSORE.
Dated Bangalore, 8th August 1888.

CIRCULAR.

The Dewan directs that a list of bechirakh villages in his District available for occupation on shraya tenure be prepared and sent up for publication in the Gazette. A copy of such list should be hung up in a conspicuous place in each Taluk Cutcherry, for general information.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.

CIRCULAR.

No. 3420-2—CIR. 102, DATED 8TH AUGUST 1888.

ORDER.—It has been brought to notice that Government tanks in the Malnad with rice and garden cultivation under them have been included in coffee estates. The attention of the Deputy Commissioners of Hassan, Kadur and Shimoga Districts is drawn to this matter and they are requested to issue strict orders to Amildars to exclude such tanks from all future grants of land for coffee cultivation. If any tanks have already been so measured into a coffee estate, the holder of the estate should be called upon to execute an agreement binding himself not to interfere with the sources of water supply to the tank as well as with the irrigation of lands under it.

R. VIJAYINDRA RAO,
Chief Secretary,

To—The Deputy Commissioners of Kadur, Hassan and Shimoga Districts.

CIRCULAR.

No. 3427-34—CIR. 103, DATED 8TH AUGUST 1888.

ORDER.—In Proceedings No. 3917—166, dated 9th August 1886, the following order was passed:—

"The Dewan desires it to be pointed out that the issue of monthly supplies to "Nemidars is not a proper appropriationof the funds set apart for chattrams. "Though it is undesirable to stop such supplies to the Nemidars suddenly, yet on "their death, the supplies should never becontinued to their heirs. No name should "be newly added to the list of Nemidars".

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 27th August 1838.

No. 3420-2—CIR. 102, DATED 8TH AUGUST 1888.

The attention of the Deputy Commissioners of Hassan, Kadur and Shimoga Districts is drawn to this matter and they are requested to issue strict orders to Amildars to exclude such tanks from all future grants of land for coffee cultivation. To—The Deputy Commissioners of Kadur, Hassan and Shimoga Districts.

CIRCULAR.

No. 3427-34—CIR. 103, DATED 8TH AUGUST 1888.

ORDER.—In Proceedings No. 3917—166, dated 9th August 1886, the following order was passed:—

"The Dewan desires it to be pointed out that the issue of monthly supplies to "Nemidars is not a proper appropriationof the funds set apart for chattrams. "Though it is undesirable to stop such supplies to the Nemidars suddenly, yet on "their death, the supplies should never becontinued to their heirs. No name should "be newly added to the list of Nemidars".

Proceedings of the Dewan to His Highness the Maharâja of Mysore, (General),—dated 8th August 1888.

2. The Dewan has again given his best consideration to the subject and has arrived at the conclusion that the above rule is a sound one and should always be adhered to.

3. An exception to it may however be made in the case of any person (of the caste for whose benefit the chattram or other charity is founded), if the Deputy Commissioner is satisfied that (*a*) such person is without any means of support whatsoever and (*b*) is incapable of earning a livelihood by reason of extreme old age, blindness, lameness, or some such physical disability. Any allowance granted to such persons should as far as possible be met from the monthly savings of the institution after all legitimate demands for feeding in the ordinary course have been met. An order requiring such persons to be fed *permanently* at a chattram, would often test allegations of poverty brought forward, but whether or not such a test should be resorted to is a matter which the Dewan would leave to the Deputy Commissioner's discretion.

4. The reduction of the number of *Nemidars* owing to lapses under the Orders No. 3917—166, dated 9th August 1886, will, it is hoped, place sufficient funds at the disposal of the various institutions not only to carry out their original object but also to afford help to deserving objects of charity referred to in para 3 above. Where this is not the case, the Deputy Commissioner must take steps to weed the list of *Nemidars* of all persons not really in need of help, and stopping their allowances after giving them sufficient previous notice of, say, 3 or 6 months.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts,
Muzarayi Department.

No. 3553-60—Cir. 107, dated 8th August 1888.

Order.—It has been brought to notice that Ryots' Receipt Books (Survey Form No. 4) are called for at the time of jamabandi and retained by Shanbhogs. This practice is most objectionable and should be strictly prohibited. There is no need whatever for the Shanbhog to retain the Receipt Books in his possession. These books should be produced by the ryot when he tenders payment of his kandayam and should be returned to him immediately, with a proper entry of the payment. Deputy Commissioners are requested to issue the necessary instructions to Amildars in this matter.

2. The practice of requiring Shanbhog's certificates as to the genuineness of razinamas must also be discouraged and should not be resorted to unless there is ground for suspicion. It gives room for the exercise of undue influence by Shanbhogs, and produces no good result of any kind.

3. The attention of Amildars should also be drawn to the Survey Rule which requires that the Patel should sign the Receipt Book conjointly with the Shanbhog. This rule should be strictly enforced.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 24th August 1888.

No. 3878-85—Cir. 113, dated 24th August 1888.

Order.—It is proposed that the Representative Assembly to be held in the approaching Dasara should meet at Mysore at 3 p. m. on or about the 16th October next, and the following days. The attention of Deputy Commissioners is requested to the list of the members who attended the last meeting, published as Appendix X to the printed Proceedings of the Assembly, and they are requested to publish the names of the members who may be selected to attend the next Assembly, by the 10th September, in the manner laid down in Proceedings No. 2732-39—73, dated 13th August 1887.

2. The selection of members should be made by the Deputy Commissioners in accordance with the rules appended to the Proceedings quoted in the preceding paragraph. The Deputy Commissioners are requested to make the selection themselves after personal enquiry and with reference to information already in their possession, and not to delegate this duty to the Amildar or other subordinate officer. The appended list contains an analysis of the members selected for the Assembly in 1887. The minimum land revenue fixed by the Deputy Commissioners, it will be seen, was very small for Kolar, Mysore, Tumkur and Bangalore Districts. The Deputy Commissioners of those Districts have not specified separate minima for different Taluks and they will be requested to do this in the present year. The Government would like that those that pay the highest revenue should, as a matter of course, be selected, unless they be excluded for any particular reason, such as bad character and conduct, inability or unwillingness to attend, &c. It would be desirable for the Deputy Commissioner to have a complete list of all land-holders in a taluk paying land revenue of not less than the minimum fixed, and to note against each name whether he is qualified or not for reasons such as those above stated. Out of those qualified, the number required should be selected. The minimum land revenue should be revised so as to give for each taluk between 15 and 20 names. When once a list is thus prepared, it can of course be altered from year to year according to actual individual circumstances. The selection from among the qualified names in such a list may, from the next year, be by rotation or some other principle of exclusion. But the list itself should be prepared this year and a copy thereof should be forwarded to this office. Any remarks regarding disqualification will be treated as confidential in this office. In the present year, it would be best to select from those in the list men who pay the largest revenue, provided of course they be not otherwise disqualified.

3. A taluk-var list of the members selected should be forwarded to this office so as to reach the Chief Secretary not later than 15th September, a copy thereof being at the same time sent to the Deputy Commissioner in charge of Palace Establishments, Mysore.

Chief Secretary.

R. VIJAYINDRA RAO,
Chief Secretary.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 31st August 1888.

READ THE FOLLOWING PAPERS:—

Report on the working of the Indian Companies Act X of 1866 in Mysore during the year 1887—88.

No. 4034—37, DATED 31ST AUGUST 1888.

REVIEW.—The report does not show any great activity in the working of these Companies at the close of 1887—88 ; there were 113 Companies, of which only 74 were in working order, 10 had stopped all business and 29 were in course of liquidation. The nominal capital of the 74 was Rs. 33,08,875.

2. It is gratifying to note there have been no prosecutions under the Companies Act for breaches of its provisions. The Registrar does not say that statements and returns are submitted accurately and punctually by the Companies ; it is hoped that due attention is paid to this important point and that there is no complaint of dilatoriness on their part.

3. The financial result of the year is under receipts Rs. 689 against 1,317 : the fall is due to the smaller number of new Companies registered. The net result is saving to Government of Rs. 185—10—6 explained by the very small establishment of the Registrar's office.

4. In reviewing the report of 1876—77, the Chief Commissioner of Mysore remarked that he was unable to learn from the report whether the establishment of these numerous Banks, two or more of which were to be found located in small outlying towns, was an unmixed good. Opinion on this point is very conflicting ; it is certain however that the rate of interest on loans, especially small loans, has not in the least gone down ; perhaps it has even been raised.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Registrar of Companies in Mysore.

JUDICIAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Judicial),—dated 8th September 1888.

READ THE FOLLOWING PAPER.—

Report on the Administration of Civil Justice for the year 1887.

No. 4255—38, DATED 8TH SEPTEMBER 1888.

REVIEW THEREON.—The file was smaller than in the previous year: the receipts under Court Fees fell in consequence, Rs. 1,543—13—0 against 4,640—10—0 of 1886. The number of suits instituted in 1887 was 3 against 8 of the 1886: the average value per suit was Rs. 6,724—10—8 in the year under review, while in 1886, it was Rs. 9,205—4—11. The number of suits disposed of was 4 and the average cost of litigation per suit was Rs. 1,261. Of the four suits disposed of, two were decreed on compromise after a partial trial, one was referred to arbitration and one was disposed of in favor of plaintiff after a full trial by the Court. In the Execution Department, there is very little to note. There were 81 applications for certificates of heirship, which were all transferred to the Sub-Court of Bangalore for disposal, as the money value of the applications was less than Rs 5,000. Miscellaneous original work was nothing to speak of.

Chief Court, Original Civil Jurisdiction.

2. The number of appeals from original decrees was 327, instituted during 1887, as against 334 of the year 1886; nearly 90 per cent of them came up from the Munsiffs' Courts, one hundred and fifty-seven of them related to real property and 170 to personal property. The aggregate value of those relating to land was Rs. 68,209—14—2; value of other suits was Rs. 84,224—0—8. Litigation is confined to property of very small value; of the 157 appeals relating to real property, no less than 131 relate to property whose value is between Rs. 10 and 500. Seven suits are of value not exceeding Rs. 10 each, and only one suit above Rs. 10,000 The number of appeals disposed of during the year was 342, including the pending file of the previous year. The average duration of each suit was 110·59 days against 102·57 of 1886.

Appellate Jurisdiction.

3. There were 161 of these instituted in the year under review, of which 89 related to immovable property. The average value of each was Rs. 204—15—7 and the averge duration 91·22 days.

Second Appeals.

4. The average cost of the first and second appeals to the Chief Court was Rs. 84—2—0 and Rs. 57—10—2 respectively, which, the Offg. Chief Judge says, is apparently high. The Dewan concurs, and is glad to note that a revision of the rules relating to payment of remuneration to Advocates and Pleaders is under consideration.

5. The Chief Court is satisfied with the results of appeals; in a good majority of them the original decrees have been confirmed. The same remark cannot be applied to the results of the Miscelleneous appeals, regarding which the Chief Judge observes that the Subordinate Courts do not 'properly perform" this part of their work. It is hoped that better results will be secured in future.

PART II.

Courts subordinate to the Chief Court.—Original Jurisdiction.

There were 21 such Courts—17 of Munsiffs, 2 of Subordinate Judges and 2 of District Judges—same as in the previous year. Suits instituted were 16,758 against

15,788 of 1886: in para 62 of the report is given the number of suits filed in the years 1882, 1883, 1884, 1885, 1886 and 1887: it appears from the figures that from 1882 to 1885, the suits were between 14,500 and 14,600 in number; in 1886, the number rose to 15,700, and in 1887, it further rose to 16,700: no explanation is suggested for this increase. The increase was chiefly under "Small Causes" in the Courts of the Sub-Judges, 3,896 against 3,138. The file for the whole Mysore State cannot be said to be heavy by any means; for, of the number of suits instituted, namely 16,758, more than 51 per cent were of the nature of small causes; and 70 per cent were within the cognizance of Munsiffs; the higher Subordinate Courts in consequence had comparatively light original files: nor did the disposal of the suits involve great labour: of the 12,813 suits decided by the Munsiffs, 7,822 were under "without trial and without contest": similarly in the Sub-Judges' Courts, the number disposed of was 3,926; of this 2,946 were "without trial and uncontested" and only 980 contested. The average value of each suit was Rs. 106—7—10; the average duration in contested cases was 52·77 days in the Munsiffs' Courts, 83·90 in Sub-Judges' Courts and 108·87 in District Judges' Courts: and the average number of witnesses examined in each suit was 2·9. This is calculated evidently on the entire file "contested," "uncontested" and "without trial": it would be better to make the calculation with reference to "contested suits" only.

2. The Miscellaneous file disposed of numbered 8,296 cases, of which 5,125 were "without trial" and "without contest." 3,171 cases were contested and 2,115 of them were in the Munsiffs' Courts and 959 in the Sub-Judges' Courts. There was a greater activity in the Insolvency branch of the Courts in the year under report than in 1886. Care is evidently exercised against abuse, and it is also satisfactory to note that no penal proceedings were taken under Section 359 of the Code of Civil Procedure.

3. The important branch of "Execution of Decrees" is rather poor in the results. There were 20,835 applications for execution on all the files; of which 17,605 are shown as disposed of; 10,515 were wholly infructuous; in only 3,728 were the decrees satisfied completely, while there was partial execution in 3,362 applications. In 107 cases the judgment-debtors were imprisoned, in 844 cases immovable property was sold and in 380 cases, possession of immovable property was given.

Courts subordinate to Chief Court—Appellate Jurisdiction.

4. The District Judge of Mysore, assisted by the Sub-Judge of that Station, the Nagar District Judge and the Sub-Judge of Bangalore in cases transferred to him by the Chief Court, exercise this appellate jurisdiction: all the four files in the year made up a total of 605 cases, of which the Mysore Sub-Judge had 187, the Mysore District Judge 242, and the Nagar Judge 176; average value of each appeal was Rs. 126—0—4. The number disposed of including the arrears of previous year was 654 and the average cost of each was Rs. 35—4—6. There is little to note under head "Miscellaneous."

5. "Process Establishment" shows a net saving to Government of Rs. 21,439—10—9.

6. Thanks of Government are due to the Chief and Puisne Judges of the Chief Court for the efficiency of the Judicial Administration.

R. VIJAYINDRA RAO,
Chief Secretary.

o—The Offg. Chief Judge in Mysore.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Judicial),—dated 14th September 1888.

READ THE FOLLOWING PAPERS:—

Extract from Dewan's Memo, dated 11th August 1888.

* * * *

7. The suit is brought against the "Deputy Commissioner of Hassan *ex-officio* on behalf of the Government." I take objection to the form of the suit, and deny that the Government of Mysore can be sued in this form Section 417, Civil Procedure Code, as in force in Mysore, refers to "persons being *ex-officio* or otherwise authorized to act for Government." This refers to appearances in Court, &c., as is provided in Section 36.

Chapter XXVII, as introduced into Mysore, contains no provision for a suit against the "*Government of Mysore*," "Government of Mysore" is no where declared to be a person or body of persons who can be sued. Suits may, of course, be brought against individual officers of Government for wrongful acts done by them, and whether the Government will bear the cost of their defence of such suits is a question, the decision of which rests entirely with the Government after consideration of the merits of each individual case. In the present case, I cannot justly authorize the Deputy Commissioner to defend the suit at the Government expense.

From the Officiating Government Advocate, To the Chief Secretary to the Dewan of Mysore, No. 208, dated Bangalore, 23rd August 1888.

I have the honor to acknowledge the receipt of your docket No. 3451—304, dated the 11th instant, forwarding copy of a Memorandum by the Dewan, regarding the defence of a Civil suit filed by one Muddumalle Gauda against the Deputy Commissioner of Hassan and another and requesting me to give my opinion on para 7 thereof and also to frame a proper defence in terms of para 9.

2. It appears to me that the Dewan's contention that the suit, as brought, cannot be maintained, is sound. The existing law does not, in my opinion, admit of a suit being filed in a Civil Court against the Mysore State. The fundamental principle of law, generally, is, that "the crown, the Government, or State, cannot be sued in its own Courts. Neither can, any of the officers or servants of the Government, be made liable for anything *bonâ fide* done by them on the part of, and as the agents of, Government. In the event of any person being aggrieved or injured by the acts or omissions of a Government servant or department, the remedy, if any there be, can only be sought by petition of right, unless the Government servant to whose fault the grievance is attributable, so conducted himself in the matter as to render himself personally liable." *Vide* Nobinchunder Dey, *vs.* The Secretary of State for India, I. L. R. 1., Calcutta, 11. It is by virtue of 21 and 22 Vict, C. 106, S. 65, that certain suits can be taken cognizance of by the Civil Courts. It is only in those cases where a right to sue the Government is *expressly* given by Legislative Enactment, that a suit will lie.

3. The Code of Civil Procedure, as extended to the Province of Mysore, does not provide for the frame of a suit *against* Government; thus negativing, by implication, such suits; and there is no law which permits, generally, of the Civil Courts taking cognizance of such suits. It seems to me doubtful whether a suit, as the one now in question, would lie against the Deputy Commissioner, as it does not seek to make him *personally* liable. I think that the several provisions of the Code relating to suits against "Public Officers" were intended for such suits in which they are sought to be made *personally* liable for an act done in their official capacity; and the object of the provisions is to enable them to obtain sanction to defend such suits

at the expense of Government. Section 417 of the Code simply provides for *appearances* in Courts on behalf of Government in suits in which they may be interested and is an extension of Section 36 of the Code.

4. I enclose draft of a written statement to be filed by the Deputy Commissioner. With reference to para 9 of the Memorandum, I have omitted from the written statement (see para 5) that portion of the para which suggests an equitable arrangement as this is a matter that should be proposed out of Court.

5. The entire proceedings forwarded to me are herewith returned.

No. 4329-36—CIR. 125, DATED 14TH SEPTEMBER 1888.

Chief Secretary.

To—The Deputy Commissioners of Districts.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Judicial),—dated 15th September 1888.

READ THE FOLLOWING PAPER :—

From the Inspector General of Police in Mysore, To the Chief Secretary to the Dewan of Mysore, No. 1419—305, dated 15th September 1888.

I have the honor to submit for the sanction of Government (under Section 173 of the Criminal Procedure Code) the accompanying form which I propose to style Form C in which Police officers have to report to the Magistracy for orders those cases in which the Police have, after every endeavour possible, failed to discover a clue. I beg to submit for the perusal of the Dewan the Proceedings No. 26, dated 9th June 1888 (to be kindly returned) of the Madras Government, Judicial Department, issued on this subject.

2. Every cognizable case which the Police take on their file has to be reported to the Magistrate under the first para of Section 157 of the Criminal Procedure Code. If the Police find in the first instance there is no reason for entering upon an investigation, they mention their reasons for not investigating in the Report of First Information under Proviso (*b*), Section 157 of the Criminal Procedure Code. All reports sent to the Magistrate *after investigation* have to be submitted under Section 173. If the case is true and the investigation is successfully concluded, it is reported in what is at present called on A Form and if it is false it is reported in a B Form. There has hitherto been no form prescribed in which the Police could report to the Magistracy cases in which the Police try their best but fail to discover a clue and the retention of which on the Police file only encumbers it. The practice hitherto has been, in Mysore, to report these cases in an intermediate report, on which the Magistrates have been in the habit of passing a stereotyped order to the Police to retain them on the file and detect them.

3. While it is highly desirable that the Police should not be given the liberty of getting rid of cases difficult of detection by their intermediate reports, it is on the other hand necessary their file of undetected cases should not be uselessly encumbered by cases in which every possible endeavour has been made and detection is found to be absolutely impossible; for instance, theft of coins or grain not capable of identification by some person unknown. Whether the Police have tried their best and whether detection is impossible or not, it is for the Magistrate having jurisdiction to say and the Police are bound to abide by his orders. If the Magistrate finds these questions in the affirmative, he will direct the Police to strike the case off their file, and if any clue is afterwards discovered, the Police are bound to detect the case though it may have been struck off. If on the contrary the Magistrate finds that the Police have not done their best, he tells them they should have the case on their file and detect it. This is the object of the form now submitted to Government for sanction.

4. These cases, reported by the Police in Form C now proposed, will be included under the head investigated (Cols 6, 7 and 8) in the Annual Statement A. If they have been ordered by the Magistrate to be retained on the file and detected, their disposal will be shown under the head pending before the Police (Col. 8 c of the Annual Statement A). To show these cases reported in Form C which have been struck off by order of the Magistracy, I propose to add another column to the Statement A as column 8 i.

No. 4443-51—CIR. 130, DATED BANGALORE, 15TH SEPTEMBER 1888.

ORDER THEREON.—Copy of the letter read is circulated to the Magistrates of the Districts for information.

The Government sanctions the introduction of the Form C recommended by the Inspector General of Police Before passing orders, the Magistrates are requested to scrutinize the proceedings of the Police enquiry and satisfy themselves that the investigation has been thoroughly complete, that detection has failed from no want of exertion on the part of the Police, and that the Police have done *all in their power to find* the offender or offenders and have failed.

R. VIJAYINDRA RAO,
Chief Secretary.

READ THE FOLLOWING PAPER :—

Letter No. 2838—460, dated the 20th March 1888, from the Inspector General of Police in Mysore, submitting a copy of the Chief Court ruling as to what matters Police Special Diaries should contain.

No. 4464-72—Cir. 131, DATED BANGALORE, 15TH SEPTEMBER 1888.

ORDER THEREON.—The present Police rules provide that the Special Diary "is never to disclose the names of the persons through whom, or the manner in "which, they obtain information of a detective character." In the opinion of the Government, a qualification should be added to the above rule to the following effect. "Where the names or facts if disclosed would be no relevant evidence, or where "their disclosure would amount to a surrender of the privileges described in Sec- "tions 124 and 125 of the Indian Evidence Act, 1872."

2. Information highly useful for detective purposes is often of no value whatever as evidence against an accused person, and its disclosure in every case as a matter of course would altogether keep away from the Police many useful informants. For instance, suppose a theft has been committed. A gives information that the stolen property is in a well. The discovery of the property there and not A's information is relevant as evidence. B informs the Police officer that the thief has taken refuge in a particular village. B's information is irrelevant. C gives information that the thief admitted his offence to his master D. C's information is irrelevant. E informs a Police officer that a house-breaking was going to be committed at a particular time and place, and the Police officer succeeds in arresting the offenders red-handed. E's information would be irrelevant in a trial for the house-breaking.

3. Information, such as the above, of purely detective character, is not in itself relevant as evidence, though it is most useful to the Police to enable them to discover relevant facts. Such information should not as a rule be disclosed and therefore it ought to be omitted from Special Diaries.

4. Cases falling under Sections 124 and 125 of the Evidence Act call for no explanation.

5. The foregoing remarks will be communicated to the Inspector General of Police for information and guidance, and for the issue of necessary instructions to the Police in accordance with them.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Inspector General of Police.
The District Magistrates for information and guidance.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Judicial),—dated 25th September 1888.

No. 4616-27—Cir. 133, dated 25th September 1888.

Order.—A case of withdrawal by a Public Prosecutor from the prosecution of an accused person under Section 494, Criminal Procedure Code, was recently brought to the notice of the Government, and the District Magistrate concerned applied for sanction to prefer an appeal against the acquittal based upon such withdrawal. The Government, on a consideration of the circumstances of the case, declined to direct an appeal against the order of acquittal, but at the same time they deem it necessary to issue some general instructions on the subject for the guidance of Public Prosecutors.

2. Section 492, Criminal Procedure Code, vests in a Public Prosecutor a very important power and he cannot, the Government thinks, be too careful in exercising it.

3. The following extract from the Proceedings of the Madras High Court, No. 1870, dated 10th September 1881, appears to the Government to indicate clearly the general principle which should guide a Public Prosecutor's action under Section 494 :—

"The High Court observes that a Magistrate is justified in committing an accused person for trial by a Court of Session where a *primâ facie* case is made out that the accused has committed an offence cognizable by a Court of Session. In other words, where there is evidence not obviously false and on which, if it be accepted as reliable, a Court of Session might convict an accused person, the Magistrate is justified in sending up the case for trial, and if the case is triable by the Court of Session only, he is bound to do so."

* * * * *

4. "In Session Case No. 14, the Magistrate was, the Court thinks, fully justified in making a commitment and the Government Pleader should not have withdrawn from the case until the evidence had been taken."

"The case was one which peculiarly called for investigation."

5. For obvious reasons it is undesirable that any Public Prosecutor should take upon himself the responsibility of deciding whether the evidence against an accused person is reliable or not. Where there is a *primâ facie* case against an accused person, or where there is evidence which, *if accepted as reliable*, might be the basis of a conviction, the Public Prosecutor's duty is not to withdraw from the prosecution, but to submit the evidence for the consideration and judgment of the Court.

No. 4668-79—Cir. 137, dated Bangalore, 25th September 1888.

Order.—In *re* suits against Government officers against their proceedings as Government officers, the following rules are prescribed for their information and guidance :—

1. On receipt of notice under Section 424 of the Civil Procedure Code from parties intending to file suits against Government officers, the latter shall at once send for the records of the case which gave rise to the complaint and satisfy themselves as to the reasonableness or otherwise of the threatened action.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Judicial),—dated 25th September 1868.

2. If, after careful examination of the case, the complaint be found reasonable, the officer concerned shall, if he has jurisdiction and is otherwise competent to do so, grant at once the redress sought for. If the granting of the redress he considers reasonable, be not within his jurisdiction, he shall at once apply to Government for orders.

3. If, however, the complaint be frivolous and not based upon any right, he will collect information for conducting the defence, but will, at the same time, submit to Government for its information a report of the case.

4. The reports to Government to be submitted under paras 2 and 3 above must be brief, but should contain a clear statement of the facts and law at issue, with the officer's opinion upon the same, and be accompanied by a copy of the order complained of. They should reach the Government at least a whole fortnight before the expiry of the two months allowed by Section 424, Civil Procedure Code.

5. On receipt of summons from Courts giving formal notice of the suit, the officer concerned shall, whenever the time fixed for answering the plaint is insufficient, obtain an extension of the same (generally for 3 months from date of service of summons) under Section 423, Civil Procedure Code, and shall, at the same time, submit the case for the orders of the Government. The reference should refer to previous correspondence with, and orders of Government, if any, on the subject of the suit, and be accompanied by the draft of the written statement which the officer sued may propose to file, together with brief arguments in support of each ground. The Government Advocate will thereupon be consulted by Government in all important or doubtful cases. The report under this para should reach the Dewan's office at least a whole month before the date fixed for the hearing of the suit.

6. Similarly early intimation of adverse decrees shall be given to Government to decide in consultation with the Government Advocate as to further proceedings in higher courts.

7. The conduct of the defence shall, in Districts where there are Government Prosecutors who are at the same time enrolled Pleaders of the Chief Court, be entrusted to them; in other Courts, to the best local Pleader.

8. In complicated cases requiring greater experience and legal knowledge the services of the Government Advocate may be applied for through Government.

9. The remuneration for the conduct of the defence shall ordinarily be the maximum amount calculated according to rates of costs of the suit assessable by the Court, together with such additional sum as may be fixed by Government in each case upon the report of the officer under para 5 above. Where the Pleaders may have to travel to put in appearance in the Courts, travelling allowance at the rate of three rupees a day or a mileage at six annas will be passed.

10. It must be distinctly understood that the Government are not bound to defray the costs of the defence in all suits. The officers concerned must undoubtedly bear them where their proceedings have been condemned as irregular and quite opposed to law, or to the standing Order of Government or the established practice of the Department concerned.

PART I.

REVENUE.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 4th September 1888.

READ THE FOLLOWING PAPER :—

Letter No. 134, dated 9th June 1888, from the Superintendent, Mysore Revenue Survey, reporting on the progress of the Survey year ending 31st October 1887.

No. 4160—58, DATED 4TH SEPTEMBER 1888.

REVIEW THEREON.—The progress reported is on the whole satisfactory: it is less however than the work turned out in the year 1885—86, due mainly to the reduced number of chains per establishment, and loss of days under the head of "Sickness." "Boundary disputes" were comparatively very few, and this somewhat made up for the loss under "Sickness."

2. The number of fields tested was 7,023. of which 4,973 were within 1 per cent 1,526 within 2 per cent and 349 within 3 per cent. Regarding this, Colonel Grant remarks "I need scarcely explain that 2 and 3 per cent difference would not "be considered satisfactory in large fields, but in small fields such differences are of "little consequence. As will be seen from Appendix No. 2, in a good many fields "the difference of test and original measurement went much higher. These were "all very small fields and in every case great care was taken to ascertain by further "test that the mistake was an isolated one."

3. Under Classification, a falling off is recorded, due to some extent to the smaller number of establishments (3 against 4 of the previous year) and to a great deal of in-door work in which one of the establishments was engaged, clearing off of arrears of the previous year's examination work in the field. On the test, the Survey Superintendent remarks "the mean difference between test and original work was 3 "pies against 2 pies the year previous. Five thousand and thirteen fields and 19,965 "acres were subjected to test against 7,388 fields and 29,658 acres the year previous. "The amount of test and results were both satisfactory. As usual, the Deputy "Superintendent and myself accompanied the Assistants and the men in the field to "satisfy ourselves that all were working on an uniform standard.

4. A fair progress has been secured under distribution of village maps.

5. There is nothing to note under "Cost of operations," which is nearly the same as in the previous year.

6. The work of the Department is closing. 59 out of the 66 taluks of the State have been completely surveyed; in the remaining seven, the survey has begun: 52 taluks have been completely settled and in the two, the settlement is in progress. The settlement of village officer's remuneration also is fairly keeping pace with the progress in the other branches of this department. The allocation of inams is rather tardy, due to the inherent difficulties of this work.

7. Thanks of Government are due to Colonel Grant and Lieutenant-Colonel Rutherfurd, for their zealous supervision, and to the Assistant Superintendents, for the efficient discharge of their duties.

READ THE FOLLOWING PAPER:—

Letter No 1024—320, dated 10th August 1888, from the Deputy Commissioner of the Kolar District, reporting upon a petition presented by D. Venkata Rao and others holding lands under the Malur Dodkere tank, complaining of the refusal of the Deputy Commissioner to grant a remission of wet assessment on their lands which lay waste owing to the breach of the tank by the Public Works Department in the year 1886—87.

No. 4285-93—CIR. 124, DATED 8TH SEPTEMBER 1888.

ORDER THEREON.—The Dewan concurs in the opinion of the Deputy Commissioner that the breach of the Malur tank not being an accident, the ryots holding lands under it are entitled to some concession during the year in which the breach was made, and he is accordingly pleased to sanction the proposed remission of ¼th of the wet assessment on the lands in question for the year Vyaya, 1886—87.

2. Where a tank is breached by the Public Works Department for repair, *before the close of the cultivation season and without the consent of the occupants under it*, the Deputy Commissioner may, in his discretion, submit a statement for ¼th remission during the year of the breach, under the last sentence of Rule II, laid down in para 6 of Proceedings No. 2032-41—85, dated 5th June 1886. Orders have been issued in the Public Works Department to reduce to a minimum occasions for such breach.

READ THE FOLLOWING PAPERS :—

From the Superintendent, Mysore Revenue Survey, To the Chief Secretary to the Dewan of Mysore, No. 865, dated Bangalore, 19th January 1888.

I have the honor to again bring forward the question of the Survey and Settlement of the Sringeri Jahgir, more especially with reference to certain points for discussion raised in Order of the Dewan No. 4798-4801—53, dated Bangalore 2nd December 1887.

2. In my letter No. 845 of the 12th instant, I proposed the postponement of the actual survey or measurement until next field season and I trust my suggestion may be accepted.

3. As regards the Inam enquiry, I will deal with the question later on after I have completed some enquiries I have commenced.

4. My object in referring the question is to make it perfectly clear, beforehand, upon what terms the Guru of the Matt desires and will agree to the Jahgir being surveyed and settled. At para 1 of the Dewan's Order of the 2nd December last, the Guru of the Matt is described as anxious to give his tenants the benefits of a fixed and definite tenure by the introduction of the Inam and Survey Settlements, but at para 4 of the Dewan's Order a doubt is expressed as to what the revenue settlement may really amount to. I do not think this doubt should remain to be cleared up hereafter, but be at once disposed of, and before any of the operations, either Inam or Survey, are set on foot.

5. Holding the above opinion, I have ascertained from the Survey and Settlement Commissioner of the Bombay Presidency the terms upon which the large Jahgirs in Bombay were settled and I now append that officer's * letter on the subject which will for speak itself.

* No. 94, dated 10th January 1888.

6. In the case now under reference, I would suggest that the terms upon which the settlement is to be made should be clearly drawn up in communication with the Guru of the Matt. The clause in the agreement taken from the Southern Mahratta Chiefs, as shown in the extract accompanying the Survey and Settlement Commissioner's letter, which is in my opinion of the greatest importance is the 4th, which deals with the agreement of the Jahgirdar to abide by those portions of the Survey Act which confer a right of property in the soil, so long as the authorized assessment is paid. The other clauses of the terms, which it will be observed were drawn up so long ago as 1865, admit of improvement and are unsuited to the present case, they will however be of assistance in arriving at a decision as to the terms now most suitable in the case of Sringeri.

7. If I may be allowed to express an opinion, I would urge that no settlement which would amount to little more than a record of rights should be adopted. If the Matt is not prepared to convert the rent in kind into one in money, the benefits of the Survey Settlement will be very partially beneficial. If the settlements, both Inam and Survey, be carried out as has been done in Government villages, the Officer in charge of Survey (see clause 2 of Extract) having absolute power to fix the rates in whatever manner he thinks best, I anticipate the best results for all concerned.

8. I would recommend the terms for the Sringeri Jahgir being clearly drawn up and agreed to before any further steps are taken.

From the Survey and Settlement Commissioner, To the Superintendent,
Mysore Revenue Survey, No. 94 of 1888,
dated Poona, 10th January 1888.

With reference to your letter No. 800, dated 21st December last, I have the honor to forward the accompanying Extract showing the terms on which the Jahgir States of Phulton, Jath and the Atpadi Mahal of the Pantpratinidhi State were surveyed and settled by this Department free of cost. It does not appear that any formal agreements were taken from the Chiefs of Sangli and Jamkhindi binding them to abide by the terms stated in the accompanying Extract, but it is understood that those terms also applied in their cases. The Jahgirs of Miraj, Mudhol and Sawnur were surveyed and settled on the application of their respective Political Agents whilst they were, owing to the minority of their Chiefs, under the direct management of Government.

Extract para 2 of Mr. Chapman's letter to the Secretary to Government, dated 15th March 1865 quoted in Government Resolution No. 1345 of 30th March 1865.

2. The terms were drawn up by me in communication with the Chiefs shortly before my departure from Satara and are in substance:—

1st. That the entire cost be defrayed by Government as provided for by the Rules * of 13th March 1851 regarding alienated villages.

* Quoted at p. 559 of Nairne's Revenue Hand Book, 3rd Edition.

2nd. That the officer in charge of the survey consult, as far as possible, the wishes of the Chief, but have absolute authority to fix the rates in whatever manner he thinks best, decide all boundary disputes between villages belonging to the Chief and control generally all the operations.

3rd. That after the assessment of the entire Jahgir has been decided upon, the lump sum be submitted to the Chief.

4th. That if he is satisfied the rates are to remain in force for 20 years and the Jahgirdar binds himself to abide by the provisions of the Survey Act, especially by those portions of it which confer a right of property in the soil, so long as the authorized assessment is paid.

5th. That if he is not satisfied he agrees to repay to Government all expenses that may have been incurred. And it is clearly to be understood that the authority he has hitherto exercised over his ryots is not to be considered to have been in any way impaired by the operations that have taken place, nor is the mode of revenue administration which has hitherto prevailed to be deemed to have been affected in any way by them.

From the Superintendent, Mysore Revenue Survey, To the Chief Secretary to the Dewan of Mysore, No. 196, dated Bangalore, 27th June 1888.

I have the honor to draw attention to my letter No. 865 of the 19th January 1888 on the subject of the Survey and Settlement of the Sringeri Jahgir. It is advisable that I should have information regarding the final decision in the above case so as to admit of my providing for the work in the programme for next year's operations which requires to be drawn up not later than 1st October next.

From the Deputy Commissioner, Kadur District, To the Chief Secretary to the Dewan of Mysore, No. 128, dated Kadur, 26th June 1888.

With reference to the Chief Secretary's Camp No. 2427, dated 28th January last, has the honor to forward the enclosed report from the Sringri Amildar containing the wishes of the Guru of the Matt and the terms upon which the Jahgir villages should be surveyed and settled.

The Matt agrees to abide by those portions of the Survey Act which confer a right of property in the soil as long as the authorized assessment whether in kind or in money is paid. The Matt is not prepared to convert rent in kind into one in money in the cases specially mentioned in the Agent's reply.

An abstract Memo of questions as raised and answered by the Matt is enclosed for information.

No. 4388-9—66, DATED BANGALORE, 18TH SEPTEMBER 1888.

ORDER THEREON.—The retention of an assessment in kind is a point upon which the Matt lays considerable stress. Such assessment appears to be variable according to the quantity of land under actual cultivation, and it is only reasonable, that with such variation, the portion of the assessment payable to the minor Inamdar must also vary from year to year. With an assessment in kind, a settlement is of course not possible.

2. From the Sringeri Deputy Amildar's report, it appears that the Matt cannot undertake payments to those Inamdars whose Inams cannot be located in their own Wargs. Nor can such payments to be made by the Wargdar be fixed, so long as the assessment is in the form of a rent in kind variable according to the actual area under cultivation. Suppose, for instance, that a Warg contains 20 khandis bijvari of rice land, that the assessment originally payable on it to the Matt was 100 khandis of paddy, and that the Matt alienated out of the annual assessment (or rent),

20 khandis to A,
and 30 khandis to B,

and retained 50 khandis to itself. By the custom of the country the Wargdar's payment of 100 khandis is not a fixed annual obligation. He is only liable to pay

on the actual cultivation. If he cultivates only half his land, he is bound to pay only 50 khandis on the whole, and in ordinary fairness, he should pay only 10 khandis to A, 15 khandis to B and 25 khandis to the Matt. But who is to decide what is the total assessment (or rent) for any particular year payable by the Wargdar? It is impossible to give this power to subordinate Revenue officials. Under such circumstances, the Dewan is of opinion that so long as the assessment is *not* fixed in kind, it would be impossible to attempt any satisfactory settlement of the Jahgir villages. With a money assessment on the lands themselves, it would be easy to fix the Wargdars' annual payments to minor Inamdars, and there can be no hardship in requiring the Matt to undertake these payments upon itself, receiving from the Wargdar the full assessment for the land in his occupation.

3. Some solution of the questions seems to the Dewan to be feasible, as the minor Inams are all in rice lands, of which the greater part is now banjar. The garden inams, it is said, are generally in the Inamdar's own warg. If there exists such great banjar in rice lands, it is probable that the actual present value of the minor Inams in question may be so reduced that it may be found possible,

1st, to get the Inamdar to consent to a moderate but fixed money payment in lieu of the payment in kind, as regards lands under actual cultivation, and

2ndly, to grant him in addition as Inam such banjar land as the Wargdar may not wish to retain, or such area of the banjar as may be fixed upon under some definite principle.

4. Suppose that in the instance given in para 2 above, 15 khandis is banjar, and 5 khandis cultivated, the total rent would be reduced to 25 khandis, and A's Inam to 5 khandis. The scheme above set forth would work as follows:—

Original payment to A=20 khandis × 2 Rupees=40 Rupees.
Present payment owing to reduced cultivation = 5 khandis × 2 Rupees = 10 Rupees.
Under Survey money assessment on the entire 20 khandis bijavari = 50 Rupees.
Wargdar may retain 5 khandis bijavari and pay Matt 12½ Rupees.
A may be given 3 khandis bijavari as land Inam + ready money from Matt 2½ Rupees.
B gets 4½ khandis bijavari as land Inam + ready money from Matt 3¾ rupees.
Matt.—7½ khandis bijavari as "Panya" land + 12½ Rs. from Wargdar, out of which it pays ready money Inams 6¼ rupees.

5. Another plan, based upon the assumption that rent represents half the annual value of the land to the Wargdar, would be to allot land Inams to Wargdars as follows:—

Assuming 10 khandis bijavari represent total rent, and A's Inam being $\frac{3}{15}$ and B's $\frac{4.5}{15}$ of total rent.

A would be given land Inam $\frac{3}{15}$ of 10, or 2 khandis bijavari.
B $\frac{4.5}{15}$ of 10, or 3 khandis bijavari.

The Wargdar would have confirmed to him as occupant such portion of the remaining 15 khandis bijavari, &c., he may wish to retain on a fair money assessment, but he will be expected to resign 5 khandis bijavari for allotment as land Inam.

6. Whether any such solution is possible can only be decided after local investigation.

7. Under these circumstances, the survey of the Jahgir must be postponed for another year, till full information can be secured regarding the actual existing local conditions and decide whether any legislative action is necessary to deal with the complex questions relating to the minior Inams of Sringeri.

8. The Deputy Commissioner will be requested to obtain and forward judgment in civil suits already decided between minor Inamdars or their assignees and the Wargdars of Sringeri, together with a statement explaining the scope and effect of the judicial decision in each case. Complaints have been made that Inamdars

often exact the full payment, though only a small fraction of the original warg is under actual cultivation, and it is necessary to afford some redress.

9. Referring to the Matt Agent's remarks regarding Bitti and Begari, it must be pointed out that these items were abolished long ago and the Matt is not entitled to such service from its ryots. The case of persons holding Inams on the express condition of specified service is however different.

10. Since writing the above, the Dewan has had an opportunity of discussing the subject with the Guru of the Matt, who regarded the proposal in para 5 above, as equitable for all parties concerned, and expressed his willingness to forego the assessment in kind so far as the Matt was concerned, if satisfactory settlement could be made of the interests of minor Inamdars and Wargdars. It is obvious that such a settlement would be most acceptable to the Wargdars, and it is also to the best interests of the Inamdars. These latter may not look upon it in this light, and the Dewan will be obliged if the Deputy Commissioner will take an early opportunity to assemble some of the principal Inamdars and Wargdars from the various parts of the Jahgir to explain to them the advantages of the two alternate schemes proposed, and ascertain their views regarding them. It would be desirable also to have several instances showing how either scheme would work out in practice, and a list of such instance should accompany the report.

11. The enclosures of the Deputy Commissioner's letter read above will be forwarded to the Superintendent of Revenue Survey for an expression of his opinion.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),— dated 29th September 1888.

READ THE FOLLOWING PAPERS :—

Letter No. 1257—388, dated 13th September 1888, from the Deputy Commissioner, Kolar District, soliciting instructions as to whether the order directing the recovery of ⅓ or ¼ of the arrears of Kodagi Quit-rent is applicable to the cases of Kodagi Inams confirmed on ½ Quit-rent for life.

From the Chief Secretary to the Dewan of Mysore, To the Superintendent of Inam Settlements, Camp No. 1261, dated Mysore, 25th September 1888.

In acknowledging the receipt of your letter No. 25, dated 31st August 1888, I am desired to say in reply that on the general question of the revision of the Kodagi Inam settlement, the Dewan has little to add to what he already recorded in his Inspection Notes of the Kolar District, paras 8 to 15 of the 14th July 1887 and para 3 of the 16th idem and to his remarks in the Dasara Address of September 1887.

2. The Dewan is of opinion that the Kodagi system is altogether out of date and was justly abolished in 1877 as being inapplicable to the present irrigation requirements of the Province, and he has no intention whatever to revive it now to any considerable extent. He is also of opinion that the rules of 1877 were in themselves fair and reasonable, but after consultation with you he arrived at the conclusion that the effect given to the Rules by the Inam Department was arbitrary and such as gave good ground for complaint in a great many cases. Under such circumstances, the present revision was ordered.

3. The Dewan is quite of your opinion that no Kodagi Inam should be treated as granted only for '*up-keep*' unless upon distinct and express proof. As a general rule, Kodagi Inams were granted for "*construction* and *up-keep*" and the grant for mere '*up-keep*' was very rare indeed. Bearing this fact in mind, the ordinary presumption is that the Inam was granted for "*construction* and *up-keep*" and there must be express proof to rebut this presumption. Government were bound to adopt such a liberal treatment when by the abolition of an existing system, they were interfering with vested rights by an Act of the legislature, for the Rules of 1877 had and have the force of law. Under such circumstances, I am to request you to revise the cases now before you on the principles above enunciated, and to treat as falling under Class I all cases for which such treatment is now claimed, and in which you may be of opinion, (after a consideration of the entire evidence now or before adduced) that there is no proof of a grant for '*up-keep*' only.

4. The cases thus brought under Class I should be settled at ¼ or ½ quit-rent according to the fairly good order or total disrepair of the tanks concerned, *at the time of the former settlement*. The condition of a particular tank at that time can now be ascertained only by the evidence then recorded ; but in any very special case in which that evidence is impugned, you are at liberty to ascertain by enquiry from local officers the exact condition of the tanks at that time.

5. The rules, which the Dewan in a previous letter said should be issued in connection with the present enquiry, were such as would make known to Kodagidars the principles enunciated in the two preceding paragraphs. As applications for revision have been already filed, it is not necessary now to indicate to the public the scope of the present enquiry, and in this view I am to add that no new rules need now be issued, and that it is not the intention of the Government at present to alter in any way the Rules of 1877, which, as before observed, have the force of law.

6. There are however two questions, which, though not immediately connected with the settlement on which you are now engaged, may yet receive useful elucidation at the present enquiry, so as to enable the Government to come to a satisfactory decision hereafter. The first of these questions is whether any Kodagidar to whom you may now confirm the Inam under Class II at ¼ quit-rent really asks for the restoration of the Inam together with the *liability* to maintain the tank, and to forfeit *entire* Inam in case of default to maintain. I am to request you to explain

to all such applicants the substance of the Rules proposed in para 12 of the Dewan's Inspection Notes of Kolar dated 14th July 1887 and to make a record of their real wishes. It is probable that many of them do not understand what they are asking for, and in most cases it will be found that they would choose the smaller evil of ¼ quit-rent rather than undertake the heavy responsibility of maintaining a tank. Persons coming under Class I. who failed to maintain their tanks and are therefore charged ½ quit-rent, are, I am to add, liberally treated when let off with only ½ quit-rent. Persons coming under Class II are not entitled to any special consideration by way of again entrusting the tanks to their care.

7. The other question relates to small tanks with a revenue of Rs. 100 and less (referred to in para 14 of the Inspection Notes dated 14th July 1887, and para 3 of those dated 16th July 1887). This question has to be decided on general principles not directly connected with the Kodagi settlement, but the Dewan would like your collecting and recording as much information regarding them as may come up during the present enquiry. The restoration of these small tanks as a matter connected with the Kodagi settlement must be governed by the principles laid down in the last preceding paragraph.

8. In regard to every application for restoration of Kodagi tenure, I am to request that information upon the following points may be collected as far as possible :—

1. Total Achkat and assessment thereon.
2. Total occupied area and assessment thereon.
3. Quantity of land in Kodagidar's occupation and assessment thereon.
4. Condition of tank at former settlement.
5. Its present condition.
6. Was any work done to it by Government since the settlement under the Rules of 1877, and
7. Was any work done to it by the Kodagidar since 1881, the nature of such work, and the alleged cost thereof.

Information upon the above points will enable the Government to ascertain exactly in what classes of cases a return to the old system is desired and then to devise some means of remedying any real hardship which may be found to exist, in so far as the same may be capable of a remedy.

9. I am to request that, in making an enquiry upon the above points, special care may be taken to prevent the applicants for reversion to the old system being led to anticipate the success of their applications, but you may, if you consider it necessary inform those that allege the execution of repairs by them under the influence of hopes entertained owing to Mr. Ranga Charlu's orders, that the Government fully intend to compensate them for any real work done by them as alleged.

10. I am to suggest that the results of the revision under the principles of paras 3 & 4 of this letter may be announced by you to the parties assembled before you for the purpose, and advantage may be taken of that opportunity to ascertain their real wishes and grievances, if any, on the further question if a reversion to the old system in special cases.

11. In reply to the enquiry made in the concluding para of your letter under reply, I am to say that the present revision must necessarily be restricted to cases in which complaints are brought forward, but any cases not now brought forward *owing to ignorance or want of sufficient notice* may be received, enquired into and decided, if application for revision is made within a year after the publication of the results of the revision in the cases now before you.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 29th September 1888.

No 4704-11—138, DATED MYSORE, 29TH SEPTEMBER 1888.

ORDER THEREON.—The scope of the revision of Kodagi settlement is fully explained in the last letter to Inam Superintendent Camp No. 1261, dated 25th instant, copy of which is forwarded herewith. It is expected that most cases now settled under Class II and confirmed at $\frac{1}{2}$ quit-rent or $\frac{1}{4}$ quit-rent for life will come under Class I and confirmed at $\frac{1}{4}$ or $\frac{1}{8}$ quit-rent. Therefore, in all cases of complaint or objection, more than what would be recoverable at the latter rates should not be levied. Hence the order to levy only $\frac{1}{2}$ or $\frac{1}{4}$ of arrears at present rates. Suppose for instance, a Kodagi has been settled under Class II at $\frac{1}{4}$ assessment, and the arrears due upon it for 7 years at Rs 8 is Rs. 56. One-third of this is now levied, that is, Rs. $18\frac{2}{3}$. If the revision confirms the Kodagi under Class I at $\frac{1}{4}$ quit-rent, the annual payment would be Rs. 4. and for 7 years, it would amount to Rs. 28. Under such circumstances, the man cannot complain if we now take Rs. $18\frac{2}{3}$ from him and postpone levy of remaining Rs. $7\frac{1}{3}$ to next year. Again, if present settlement is $\frac{1}{2}$ assessment for life, and the land is fully assessed after the first life, the arrears for 7 years would amount to Rs. 112. Levy of $\frac{1}{3}$ of this or Rs. $37\frac{1}{3}$ would not be felt as a hardship by one who, at the revision, may get the land confirmed to him in perpetuity for $\frac{1}{2}$ quit-rent under Class I and would therefore have to pay according to the revision settlement Rs. 56 for 7 years. Under such circumstances, instructions contained in Camp No 189, dated 11th July 1888, were issued and Deputy Commissioners given discretion to levy only $\frac{1}{4}$ of arrears in special cases.

2. By the light of the above instructions, the Deputy Commissioners will issue necessary orders to Amildars to regulate levy of Kodagi arrears.

R. VIJAYINDRA RAO,
Chief Secretary.

PART I.

FINANCIAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 10th September 1888.

READ THE FOLLOWING PAPERS :—

From the Inspector General of Registration, Mysore, To the Chief Secretary to the Dewan of Mysore, No. 213—164, dated Bangalore, 21st July 1888.

I have the honor to forward copy of Bangalore District Registrar's letter No. 16, dated 26th June 1888 together with its enclosure, recommending an increase to the pay and establishment of the Sub-Registrar of Bangalore.

2 The Sub-Registrar's pay in 1879 when the office was newly created, was Rs. 70 and his establishment consisted of 2 Clerks and a Peon at a cost of Rs. 35 monthly. In that year the number of documents registered was 1,401 and the fees realized were Rs 3,547. In 1883—84 the work having arisen to 1,814 documents registered, and Rs. 4,537 realized, the pay of the Sub-Registrar as well as the strength of his establishment was increased under the Dewan's Proceedings No. 1483-4—1, dated 26th June 1883 as follows :—

		Rs.
1	Sub-Registrar	100
1	Clerk	20
1	Do	15
1	Do	10
1	Peon	5
		150

3 Since then also there has been a considerable increase both in the number of registrations and the amount of fees realized, the former in the year 1887—88 being 2,386 and the latter Rs. 5,791. And this increase from the figures in the margin seems a permanent one. I therefore consider that the increase proposed by the Registrar is well deserved. A proposition statement is accordingly herewith submitted. The percentage of the cost proposed would come to 55 per cent of the average fees realized during the last five years ; and though this would be 15 per cent more than what is allowed to the other Sub-Registrars in the interior, I think it is not much considering the difference between such a large City as Bangalore and the small kasabas of the Taluks both in point of work and the cost of living. And the fact that the present Sub-Registrar has given satisfaction in the discharge of his duties and was formerly an Amildar on Rs. 150, also entitles him to consideration. Even if an addition to his present work is deemed necessary to justify the proposed increase to his pay, I may suggest that under Section VII of the Registration Act, he may be empowered to register also documents relating to property situated in the Bangalore District and perform the duties of a Registrar under Sections 30 (*d*) 65 and 66 of the Registration Act.

Year.	No. of documents registered.	Amount of fees realized.
1883—84	1,814	4,537
1884—85	1,914	4,607
1885—86	2,105	4,956

1887—88	2,386	5,791
Total.....	10,233	25,570
Average per year	2,046	5,114

4. Under the above circumstances, I beg strongly to support the Registrar's recommendation and to request that you will be so good as to submit it for the favorable consideration and sanction of the Dewan.

From the Sub-Registrar, Bangalore, To the Registrar of the Bangalore District.

As the work and revenues of the office of the Sub-Registrar of the Bangalore Town and Taluk under my charge, have considerably increased during the past five years, I beg very respectfully to solicit your kind offices in submitting a recommendation to the Inspector General of Registration for an increase of pay to the present establishment as well as an additional hand as I find it difficult to carry on the work efficiently with the present staff at my command.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 10th September 1888.

2. You will observe from the figures noted in the margin that when this office was organized in 1878, the number of documents registered in that year was 1,401 and the fees collected Rs. 3,547—12—0, whilst in 1887 these numbers had increased to 2,458 and Rs. 5,964 respectively. Last year we registered 376 documents and collected Rs. 273 in excess of the previous year. In comparing the work done in this office with that of others, I would beg to point out, that whilst the registration of the Kolar and Tumkur Districts together during the last 5 years, was 16,576 documents, that of this office alone amounted to 10,626.

1886—87	2,085	5,679 12 0	2,125 3 2⅗	5,132 11 7½
1887—88	2,458	5,964 0 0		
	10,626	25,663 10 0		

3. Bangalore is daily enlarging in size and importance, and with it the buying, selling, mortgaging and hypothecating of lands, houses, &c., increases. We find it almost impossible to get through our duties without working extra hours, and at the last inspection of the office it was noted that the work had considerably increased, making it difficult to get through it with the present staff. For its proper efficiency 2 hands are required for copying documents in Book No. 1, one is necessary for indexing, which work has considerably increased consequent on recent Circulars, and another hand is also essential for copying documents in Books Nos. 3 and 4, copying memoranda and documents required to be sent to other Taluks and Districts, and keeping new Forms of Registers which have been lately introduced. The present establishment consists only of 3 Clerks, an additional one is therefore absolutely necessary as also another Peon, there being only one at present who attends from morning until night. In bringing these facts to your notice, I would beg to solicit an increase of pay to the present establishment on the following scale:—

Sub-Registrar	50
Head Clerk	5
2nd Clerk	5
3rd Clerk	5
Peon	1
Additional Clerk	12
Do Peon	5
Total.....83	

In asking for an increase to my own salary, I do so on the ground of the increased work and also because I was drawing Rs. 150 a month when I was Amildar. If I serve 5 years more, I shall have completed 30 years' service and at my present rate of pay my pension would be but 50 Rs., whereas with this increase of pay the pension will be Rs. 75 a matter of considerable consequence to me on retirement after 30 years' service. If this increase cannot be granted permanently to the office of Sub-Registrar, I would very respectfully beg that it may be allowed as a personal allowance during my tenure of the present appointment, and that it may be permitted to count towards pension.

4. I would further beg to point out that the cost of the present establishment falls below 40 per cent of the average monthly income, and the increase now asked for would only make it about 18 per cent more. This, judging from past experience, may fairly be anticipated to be more than covered by increased monthly revenue. I would add that as much as 75 per cent of the average income was allowed to the Channapatna Sub-Registrar, and all Munsiffs when they held the same office.

5. Having been for more than 5 years under your own eye, I trust from the knowledge you have had of my work, which I have endeavoured to perform to the best of my ability, you will be kind enough to give your support to this present application for the favorable consideration of the higher authorities.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 10th September 1888.

From the Registrar, Bangalore District, To the Inspector General of Registration, Mysore, No. 16—1, dated 26th June 1888.

I have the honor to forward herewith a report from the Sub-Registrar of Bangalore for your favorable consideration.

2. The work in his office has increased considerably and I am of opinion that for the prompt despatch of work, an additional Clerk is necessary. The pay of the Sub-Registrar might also be increased to Rs. 150 as he has done his work to my satisfaction and the receipts of his office warrant the increased expenditure.

No. 4504-5—411, DATED 10TH SEPTEMBER 1888.

ORDER THEREON.—It is clear that the work in the Bangalore Town and Taluk Sub-Registry office has considerably increased. The Dewan is accordingly pleased to sanction the recommendation of the Inspector General of Registration for the increase of the pay of the existing establishment and for the entertainment of additional hands as noted below :—

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 30th September 1888.

READ THE FOLLOWING PAPERS :—

From the Officiating President, Board of Examiners, To the Dewan of Mysore, No. 2784—46, dated 15th June 1888.

Referring to your D. O. Letter dated the 3rd May last, requesting me to submit proposals for the remuneration of the gentlemen who set question papers for the Mysore Local Service and Pleaders' Examinations and of the Secretary to the Board of Examiners, I have the honor to submit the following for your consideration and orders.

A Statement A is appended, showing the amount of fees realized from the candidates during the past 4 years from 1885, the year when these Examinations were first held. From this it will be seen that Rs. 8,630 have been collected in all. Twenty Question Papers are set in each year for all the Examinations put together and the number of Examiners is generally about a dozen. A tabular Statement B is enclosed, showing the names of the gentlemen who set questions in the different subjects in each year. In fixing the remuneration of the Examiners, I consider that, having in view the small number of the candidates examined, the best plan would be to assign a fixed fee for each Question Paper according to the importance and difficulty of the subject, without taking into account the number of candidates examined. Thus, I would fix a fee of Rs. 50 for important subjects like the Law of Evidence, Civil Procedure Code, Hindu Law, Contracts, Revenue Manual, the Account and Financial Codes, &c., and a fee of Rs. 25 for minor subjects, such as Limitation Act, Forest Rules, Police Rules, &c. When two or three subjects are included in one single paper, such as the Stamp and Court Fees Acts, the Cattle Trespass, Excise and Opium Acts, I would allow the full fee of Rs. 50. Calculated in this manner, the fees earned by the Examiners in the 4 years from 1885 would amount in all to Rs. 3,000, as will be seen from Statement B.

The office of Secretary to the Board of Examiners was held in 1885 and 1886 by Mr. Hamajee Row and in 1887 and 1888 by Mr. Anantaswami Rao, the present Registrar of the Chief Court. The duties of the Secretary are of a responsible and onerous nature, and during the last two years they have increased considerably owing to the Examinations being held in 5 and 6 places in the Province. I would allow him Rs. 300 for each year. He is helped by one Clerk who keeps a Register of all the candidates and attends to all minor matters relating to the Examination; he may be allowed Rs. 100 per annum; one or two other Clerks are specially employed for confidentially translating the Question Papers from English into Kanarese and they deserve a remuneration of Rs. 150 for each year.

The remuneration to the Secretary and his Clerks thus amounts to Rs. 550 in each year, or Rs. 2,200 for the 4 years from 1885.

Deducting from the collections which amount to Rs. 8,630, the remuneration to Examiners, Secretary and Clerks now recommended amounting to Rs. 5,200, there remains a saving of Rs. 3,430 to Government for the 4 years from 1885.

GENERAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 5th September 1888.

READ THE FOLLOWING PAPER :—

Letter No. 30, dated 23rd May 1888, from the Superintendent, Government Botanical Gardens, submitting his Annual Report on the condition and progress of the Government Gardens and Parks.

No. 4229—386, DATED 5TH SEPTEMBER 1888.

REVIEW THEREON.—Mr. Cameron has, as usual, submitted a very interesting report upon his charge—the Lal-Bagh, the Cubbon Park and the Palace Park and Gardens in Bangalore. The season of the year (1887—88) was on the whole favorable for gardening, and the experiments made with new and rare plants were encouraging.

2. The important Botanical work of examining plants, naming them, and compiling as far as possible a correct list of the Vernacular names of them is progressing steadily. Mr. Cameron has received valuable ass stance in this work from Mr. M. A. Lawson, Botanist with the Madras Government, and the thanks of the Darbar are due to this officer for his kindness.

3. The results of the experimental cultivation of food plants are very encouraging. New potatoes of various kinds imported from England and Scotland have yielded "most satisfactory" results, and the crop raised in the Palace Gardens was the "finest". The *Sechium edule* or chocho is a new introduction from Tropical America. Mr. Cameron remarks as follows, on this plant —

"This is a new cucurbitaceous plant recently introduced to this country from "Tropical America, where its fruit and yamlike roots are commonly used as food. "Having read of the useful properties of chocho in the "Bulletin of Miscellaneous "Information" now published at Kew, I lost no time in applying to Mr. Nock, "Superintendent of the Hakgala gardens in Ceylon (who had been successful in its "cultivation) for a few fruits to cultivate from. Mr. Nock promptly responded to "my application by sending three ripe fruits with instructions how to plant them. "These instructions were carried out to the letter, and within three and a half "months, my plants were laden with fine fruits, which I distributed freely among "local gardeners. Being a perennial of easy growth, the chocho plant may be "considered established in Bangalore where I hope it will also prove useful as an "additional source of food. Well grown fruits should weigh 3½ lbs. each. In "consistency and flavour, they differ slightly from custard marrow. The parts "represented in the accompanying plate, are a trifle under life size."

4. Under "Fruit trees," very large varieties of grape-vine, apple, apricot, peach and other English fruits have been planted with various encouraging results. The experiment of Date Palm cultivation is similarly hopeful.

5. There is little to remark on the Cubbon Park, and the Palace Gardens which is the private property of the Maharaja.

6. Thanks of the Darbar are due to Mr. Cameron for the zealous and efficient discharge of his duties as Superintendent of the Botanical Gardens.

R. VIJAYINDRA RAO,

Chief Secretary.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 11th September 1888.

ORDER No. 4401-31—CIR. 123, DATED BANGALORE, 11TH SEPTEMBER 1888.

Heads of Departments and other Government Officers are requested not to compound the pensionary claims of public servants by promising to provide for their sons or other relatives. Such promises, if fulfilled, lead sometimes to inefficiency of the public services. Moreover, it is highly desirable that no public servant should be deprived of the pension or gratuity he may have earned. The appointment of sons of retired officials, where duly qualified, is of course desirable, but a public servant should not be deprived of a pension already earned which is intended to maintain him in ease and comfort during old age.

Chief Secretary.

To—The Deputy Commissioners of Districts.
The Heads of Departments.

No. 4365-72—CIR. 127, DATED 12TH SEPTEMBER 1888.

ORDER.—The Deputy Commissioner of Bangalore brings to notice the loss to Government in Abkari revenue from the fact of close relationship existing between the retail vendors of arrack and owners of wholesale depôts and relationship of retail vendors amongst themselves. The Special Assistant Commissioner submits a memorandum showing instances where the breaking up of this natural combination has resulted in material increase of revenue to Government.

2. Most of the Deputy Commissioners consulted admit the possibility of improvement by preventing relations getting hold of the retail shops and wholesale depôts in the same station, and the Dewan is of the opinion that this should be done when the licenses are renewed the next time, giving thereby adequate notice to present holders of licenses.

The Deputy Commissioners are requested to arrange accordingly.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 12th September 1888.

READ THE FOLLOWING PAPER :—

From the Deputy Commissioner, Bangalore District, To the Chief Secretary to the Dewan of Mysore, D. No. 245, dated 13th July 1888.

I have the honor to inform that the Special Assistant, Abkari and Excise, has detected a rahadari issued for the transport of liquor from the Distillery to the Wholesale Depôt at Bowringpet unchecked in accordance with the rules laid down in Dewan's Notification No. 185 of the 24th January last. The disregard of these rules might lead to fraud being committed.

2. In this particular instance, the Shanbhog of Bowringpet, it is believed, is the wholesale vendor. Government officials should not be allowed to have any interest in arrack shops, as it is desirable that they should watch and bring to light malpractices occurring in shops, &c., which cannot be expected if they are allowed to have any connection directly or through relations with vendors.

3. I would therefore beg to suggest the issue of a Circular to Deputy Commissioners of other Districts to direct all Amildars to make careful enquiries into such matters and to take steps to sever such connections wherever found.

No. 4432-39—129, DATED 12TH SEPTEMBER 1888.

ORDER THEREON—Government servants are hereby strictly prohibited from having any interest, either in their own name or in that of others, in arrack shops, wholesale or retail. Any infringement of this order will be severely punished.

R. VIJAYINDRA RAO,
Chief Secretary.

PUBLIC WORKS.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Public Works Department),—dated 15th September 1888.

READ THE FOLLOWING PAPER :—

I have the honor to submit for sanction the accompanying 2 estimates :—

(1). For a bridge across the Tunga at Hariharpur.

(2). For a bridge across the Bhadra at Balehonnur.

The former amounts, as checked in my office, to Rs. 1,21,799 The latter to Rs. 1,35,033.

These amounts will be liable to slight alterations hereafter, in accordance with my remarks further on.

TUNGA BRIDGE.

A masonry bridge of 9 arches of 50 feet span, with springing line about 25 feet above deepest part of river bed has been designed.

The site, about 1 mile above the ford and ferry crossing at Hariharpur, was selected some years ago by Messrs. McLaughlin and Srinivasa Rao. I inspected and passed it on my last tour in the Koppa District. It is on all scores the best available, although it involves a rather long deviation from the present main road which cannot be avoided. The rocky bed and well defined waterway at the place selected afford the best advantages for design and construction.

The Executive Engineer Mr. Sitarama Rao has given carefully worked out calculations for the waterway, according to the different methods usually adopted in such cases. It will be observed therefrom that "Ryves' formula" gives for the river at Hariharpur a discharge of 28,672 cubic feet a second ; Dickens' formulæ 53,996 cubic feet ; whilst calculations based on the cross and longitudinal sections of the river give a flood discharge of 105,522 cubic feet per second.

But the former two empirical formulæ are acknowledged to be unreliable, and for areas such as those drained by the upper reaches of the Tunga and Bhadra they may be considered as wholly inapplicable. The safest method of ascertaining the discharge is that adopted from the measured sections of the river and the velocity calculated according to Kutter's or Bazin's formulæ. The discharge so arrived at, 105,500 cubic feet per second, corresponds with what we may fairly consider to be the approximate run-off, 9—14ths of an inch, from the surface of 265 sq. miles adjoining the Western ghats, and may be safely assumed as sufficiently accurate for basing our bridge design upon.

The bridge proposed will have a sectional area of 10,100 sq. feet up to springing of arches The "afflux" caused by the obstructed waterway will be about $\frac{3}{4}$ of a foot, and the discharge arrived at as above will be forced through the bridge at a velocity of 9·72 feet per second. The rocky bed will withstand this velocity.

The highest flood known in those parts, that of 1882, rose some 3 feet higher than the springing level we have adopted. Adding to this $\frac{1}{4}$ foot for afflux there will still be 8 feet clear between the highest possible flood and crown of arches.

Some Engineers, I am aware, hold that the springing of arches should never be lower than the highest known flood. I do not agree with this dictum when we have solid foundations, a waterway nearly corresponding with the natural waterway, a high versed sine of arch, and a substantial structure of great lateral stability. We have examples every day which prove that extraordinary floods are passed with safety though filling nearly the whole archways, so long as the foundations are perfect and the structure substantial. I need hardly say that to insist on a springing line above the very highest recorded flood, such floods being entirely exceptional, would in a big bridge involve very considerable extra cost. In this case I consider there is absolutely no risk.

I have adopted 50 feet spans, in communication with Mr. Sitarama Rao, after due consideration. I would have preferred 60 feet spans, but the difficulties connected with labor and the necessity for rapid work outweighed other considerations, and easy foundations tell in favor of shorter spans. The greater span and greater rise

would have the distinct advantage of passing more readily large floating trees, but as regards this element of danger, I have no apprehensions that the span and rise adopted will not prove sufficient. The arches of the bridge at Shimoga, 50 feet spans, have hitherto passed with safety such floating timber.

Mr. Sitarama Rao has designed long splayed wings. It will be seen from the cross section that these will be sunk almost entirely in the solid banks. In such a position I do not think splayed wings quite suitable. I will alter these to wings or returns in the direction of the bridge, slightly curved outwards, which will be more suitable and will be decidedly cheaper. Splayed wings are but too frequently built into steep banks, to which they are not adapted.

The Executive Engineer has designed over the abutment piers recesses for the roadway, in which foot passengers can rest. I would not carry up the massive cutwaters as he proposes. I would limit the projection of these cutwaters to the length of radius of curve only and I would form the recesses on roadway, which are desirable, by simply corbelling out the road and parapet. This will, I believe, look very much better, and money will be saved thereby.

Bhadra Bridge.

Eleven spans of 50 feet each have been designed, arches elliptical or three-centred.

The discharge of the river has been arrived at by the methods adopted for the Tunga. It is 110,900 cubic feet per second, the drainage area being 305 Sqr. Miles. The bridge will pass this discharge with an afflux of $\frac{1}{4}$th foot and velocity 7·5 feet per second.

It will be observed that three of the eleven spans are so-called "land arches," being entirely outside the ordinary trough of the river. The river floods heavily over the flats on this bank, and it would be dangerous to confine the waterway to the defined bed as a very high afflux and tremendous scour would probably result in heavy floods. The site was selected many years ago. It is very favorable, there being a bed of sheet rock all across the river, and it has had the approval of all the officers who have inspected it. There is in fact no other site equally suitable in the neighbourhood. Three-centred arches have been adopted, as affording more headway above floods. I would be satisfied myself with segmental arches, as in the Tunga bridge, but as the elliptical arches will present a better appearance, I have allowed them to stand, although more difficult to build.

The remarks made against the Tunga bridge, about wings and recesses, hold good for this bridge too. I have further to add that the burnt stone slabs, shown as strings round piers and abutments at springing level, are not quite the thing. We require instead cut-stone "skew backs," the faces of which may project 3 inches or so to mark the cornice level. These changes will but slightly affect the estimates.

Considering the difficulties of the locality, distance of materials, &c., the rates are on the whole fair. First class massive work will be required, and the working season being very short rapid progress during the working months and therefore judicious arrangements for labor will be essential. Mr. Inman will be in charge of the works and I hope to find suitable contractors with capital sufficient and energy and experience of ghat works to ensure success.

No. 4490-1—781-2, dated Bangalore, 15th September 1888.

Order thereon.—The above estimates for constructing bridges across the Tunga at Hariharpur and across the Bhadra at Balehonnur are sanctioned. The schemes have been got up with great care, and there is provision for these works in the current year's Provincial Budget Estimate of the Public Works Department.

By order,

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Judicial),—dated 29th October 1888.

READ THE FOLLOWING PAPERS:—

From the Deputy Commissioner, Mysore District, To the Chief Secretary to the Dewan of Mysore, No. 374, dated 27th August 1888.

I have the honor to submit herewith copy of order dated 6th instant passed by me on review of calendar in criminal case No. 61 of 1887 on the file of the Amildar and 3rd class Magistrate of Hunsur, and if the Government is pleased to approve of the views expressed therein by me, I propose issuing instructions on the subject to subordinate Revenue officers for information and guidance. Copy of the Circular I propose to issue is submitted for approval.

IN THE COURT OF THE DISTRICT MAGISTRATE, MYSORE.

This 6th day of August 1888.

READ—

(1) Calendar in Criminal Case No. 61 of 1887 on the file of the Amildar and 3rd class Magistrate of Hunsur, Government *Vs.* Putvenkataiya; and

(2) the record of the case.

Order.—This is an example of the practice which seems to prevail in the Mysore District of questions and cases arising under the Chief Commissioner's Notification No. 186, dated 16th August 1870, being taken up by Amildars on the Criminal side.

2. This is a mistake. As pointed out in the Chief Commissioner's subsequent Proceedings No. 5177-88—J 647, dated 7th January 1880, printed at page 201 of the Revenue Manual of 1886, it is only in cases in which the injury to the trees can be clearly proved against occupants of the land that these can be criminally prosecuted under the Indian Penal Code. Where the damage is less than Rs. 50, it will be a 3rd class Magistrate's case (Section 426, Indian Penal Code). Where more, it will be a superior Magistrate's case (Sections 427 or 435, Indian Penal Code, being applicable according to the circumstances). Where such proof is wanting, the case will have to be disposed of under the Proceedings of 1870 and the action of Amildars will be entirely on the Revenue side.

3. Whenever injury to sandal trees is brought to notice, a local inquiry should be held by a competent officer, whose duty it shall be to assemble a panchayat and record a mahazar as to the number and other particulars of sandal trees destroyed and of sandal trees left and of all other circumstances apparent on the spot affording materials for determining the manner in which and means by which the mischief was caused and the extent of the damage. The Amildar should take the record of such inquiry into consideration and cause criminal proceedings to be instituted, if the circumstances justify it, in the court of the Magistrate having jurisdiction or submit a report on the Revenue side to the Deputy Commissioner (in the French Rocks Sub-Division, to the Sub-Divison officer), giving his opinion in the matter and his estimate of the value of the damage caused. The Forest Department will be duly consulted in assessing the value of the damages. The Deputy Commissioner (in the French Rocks Sub-Division, the Sub-Division officer), will thereupon make an award which shall be recovered as a revenue-demand in the manner enjoined in the orders of 1870 and 1880 already quoted.

4. A Circular shall be issued in this sense.

No. 5039-47—CIR. 152, DATED 29TH OCTOBER 1888.

ORDER.—The proposed Circular will be modified so as to emphasize the following points:—

1st. All proceedings held under Notification, dated 16th August 1870, are Revenue proceedings, and the amounts of awards therein made are recoverable as Revenue demands.

2nd. The resort to action under the above Notification may not be restricted necessarily to cases in which there is no proof of individual guilt.

The rule may be stated thus :—

Aggravated cases with proper and adequate evidence of individual guilt, deserving of criminal punishment, may be criminally prosecuted. Resort to criminal prosecution may not be had merely because there is proof. There may be cases in which it may not be desirable to resort to criminal courts, though proof sufficient for a conviction may exist ; again, the occupants may be proceeded against under the Revenue rules for not taking care of a sandal tree and the person actually cutting it down may be criminally prosecuted for mischief or theft. A criminal prosecution as a matter of course will be avoided.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioner, Mysore District.
The Deputy Commissioners of other Districts.
The Registrar of the Chief Court.

REVENUE.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 26th October 1888.

READ—

The following replies to Dewan's Proceedings No. 1969—78, dated 2nd December 1887, circulating for opinion a set of Rules proposed for the settlement of the rights of Inamdars to the Toddy revenue in their villages :—

1. From Deputy Commissioner, Bangalore District, No. 953, dated 23rd March 1888, and No. 308, dated 4th August 1888.
2. From Deputy Commissioner, Tumkur District, No. 311, dated 24th September 1888.
3. From Deputy Commissioner, Mysore District, No. 222, dated 12th July 1888, and No. 210, dated 7th July 1888.
4. From Deputy Commissioner, Shimoga District, No. [illegible], dated 3rd April 1888, and No. 167—155, dated 23rd June 1888.
5. From Deputy Commissioner, Kadur District, No. 27 dated 18th April 1888.
6. From Deputy Commissioner, Chitaldroog District, No. [illegible], dated 2nd April 1888.

CAMP No. 1527—35, DATED 26TH OCTOBER 1888.

ORDER.—On the question of the claims of certain Inamdars to the Toddy revenue within their Inam villages, the Deputy Commissioners are requested to give full effect to the decision of Government as contained in the accompanying extract from the Dewan's Dasara Speech, October 1888.

2. The Superintendent of Inam Settlement will be requested to forward to the Deputy Commissioners of Districts an extract from the Inam Settlement Registers, showing what Inam villages are recorded in them as having a right to the Toddy revenue with particulars of amounts, if any, said to have been enjoyed by such Inamdars as Toddy revenue at time of Inam enquiry.

3. The Superintendent of Inam Settlement is also requested to forward to this Office copies of the extracts above specified. He will also be asked specially to expedite the preparation of those for the Mysore District where many claims have long been pending decision.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.
The Superintendent of Inam Settlement.

Extract from the Dewan's Dasara Speech, October 1888.

Inamdars' Toddy Revenue.—The subject of Inamdars' claims to the Toddy revenue was discussed last year. The set of draft rules, on which I then invited you to express your views, have not yet been adopted by Government. The information received from the Districts regarding the amount of revenue involved being incomplete, it has been deemed expedient to defer action in regard to the rules in question, till the expiry of the present Toddy Contracts, that is till 31st March 1890. In the meantime the existing rules will continue to be in force and will be duly carried out by the District Officers. This decision would be just to all interests concerned. The present contractors took up their contracts on the distinct understanding that the existing rules would remain unaltered during the term of their contract. What particular Inamdars are entitled to the Toddy revenue was a question that was settled at the late Inam Settlement, and the decision then recorded will of course be strictly adhered to, and the claims of Inamdars entitled to the Toddy revenue under that settlement will be adjudicated upon and duly enforced in accordance with the Orders of 1873, 1877 and 1881 and para V of the conditions attached to the present Toddy Contracts.

PART I.

FINANCIAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Financial),—dated 22nd October 1888.

READ THE FOLLOWING PAPERS :—

Dockets from the Deputy Commissioner, Mysore District, Nos. 48, 334 and 353, dated 14th April and 14th and 17th August 1888, respectively, submitting the Budget Estimates of the Municipalities in the Mysore District, except Mysore Town, for 1888—89.

No. 4905-17—CIR. 146, DATED 22ND OCTOBER 1888.

ORDER THEREON.—There are now sixteen Municipalities in the Mysore District inclusive of the Municipality recently sanctioned for the Town of Heggaddevankote; their estimated receipts and expenditure for the current official year are as noted below :—

District.	Number.	Municipalities	Estimated Opening Balance.	Estimated Receipts.	Total Income.	Estimated Expenditure.	Estimated Closing Balance.
Mysore ...	1	Hunsur	4,758	1,960	6,718	2,895	3,823

		Total.....	55,996	21,236	77,232	28,488	48,744

2. *Receipts.*—The estimate of income from octroi on timber and chunam in Seringapatam is Rs. 800, being double that of the past year and that on cloth in Nanjangud is Rs. 700 against Rs. 158 in 1887—88. The estimated income from house tax in Malvalli also shows an increase of Rs. 288. These increases generally seem to be based on the actuals of 1886—87 and of the first six months of 1887—88.

3. *Expenditure.*—For the collection of octroi in Nanjangud under which a large increase is expected as noted above, an establishment consisting of a Mutsaddi on Rs. 7 and a peon on Rs. 6 per mensem is newly provided for instead of percentage remuneration to local revenue officials as heretofore. This is provisionally passed for the current year.

4. The proposed increases under the head Conservancy amounting to Rs. 804. as shown in the margin, are sanctioned.

10. French Rocks— Girl Sweeper	at 2 „	„	...	24
			Total Rs.	804

5. The budgets of French Rocks, Maddur, Attikuppa and Malvalli newly provide for lighting. These provisions are passed.

6. The proposed outlay on Public Works amounts to Rs. 11,808 against Rs. 8,505 in the past year.

7. The allotment under the head "Dispensaries" will be raised by Rs 330 in consequence of the provisions needed for the marginally noted charges.

8. Under Vaccination, a sum of Rs. 120 is newly entered in the budget of Seringapatam for the entertainment of a Vaccinator on Rs. 10 per mensem. This provision is sanctioned.

9. The amount chargeable to the Municipal Funds of Gundlupet on account of pay to the Head Master of the English School raised in the Dewan's Proceedings, Education Department, No. 1761-4, dated 23rd August 1887, is Rs. 180 and not Rs. 195 as entered in its budget for the current year.

10. The cost of the Sanskrit class in the Seringapatam English school amounting to Rs. 12 per mensem is debitable entirely to Municipal Funds. The budget of the Town provides for the full cost of its English school, instead of ¾ths of it, in accordance with the scale of the past year, with the addition of Rs. 336, (Rs. 300 for English school and Rs. 36 for Sanskrit school) with the remark that recommendation will follow as to the disposal of this extra amount. This is awaited.

PART I.

GENERAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 1st October 1888.

CAMP No. 1382—90, DATED MYSORE, 1ST OCTOBER 1888.

ORDER.—The Government having recently sanctioned several large irrigation projects, whereby lands hitherto entirely waste or paying only dry assessment will become convertible into wet lands and be largely enhanced in value, and other similar projects being now under contemplation, it has become necessary to lay down the principle on which contribution will in future be levied from the land-holders benefited by such works.

2. Contributions in lump sums are often promised by ryots for such irrigation works, but the distribution of such sums among individual ryots is often a matter of considerable difficulty, and has been known to place an undue burden upon those who have the least amount of influence in the village. Moreover, the levy of a contribution in anticipation of a future benefit is generally felt as a hardship by the ryots on the one hand, while on the other the Government, in the absence of a fixed rule on the subject, generally receives much less than it has a right to expect. These considerations induced the Government in the case of the Rampur Channel now under construction to abandon the levy of a contribution in a lump sum from the ryots of the various villages to be benefited by this work, and in lieu of such a contribution to stipulate with them for the payment by each individual of Rs. 30 per acre of his dry land converted into wet by the new irrigation work, such payment being made in the year when water is actually given for wet cultivation. This arrangement was readily accepted by the ryots concerned and is a great improvement upon the old system of taking a contribution in one lump sum. In the case of the proposed reservoir across the Chitravati river in the Kolar District, the ryots promise a lump sum contribution of Rs. 4,000, but for reasons above given the Government are of opinion that a contribution according to the acreage of each individual's holding would be preferable in every way, the rate per acre being of course fixed according to local circumstances. Such a contribution per acre of dry land converted into wet will always be levied under a mutchalika previously executed by the ryots concerned. In the opinion of the Government, such a levy is perfectly equitable in every way, and only amounts to the working out on new and equitable lines a very old policy. When Government undertake a large irrigation work which adds great value to the holdings below, *it has* a right to participate in some moderate degree in the additional value thus imparted. It is sometimes contended that the wet assessment imposed is a sufficient return for the capital which Government spends on a new work. This is not the case. Suppose that the value of a particular piece of land *now* dry and assessed at 12 annas, is Rs. 30, and that after construction of an irrigation work, it is assessed at Rs. 4, but notwithstanding such assessment acquires a market value of Rs. 100. The increase of value of Rs. 70 is quite irrespective of the enhanced assessment, but is due partly to the construction of the irrigation work, and partly to the position of the land itself. The ryots concerned generally come forward to pay a voluntary contribution towards the cost of the work, and such contribution is justly regarded by the Government as a strong proof of the popularity and usefulness of the proposed work, and as an additional ground for undertaking its early execution.

3. At present, however, there are no definite rules as to when such contributions should be expected as a matter of course, and several large works being now in hand, the Government lay down the following rules for adoption in the case of every irrigation work (both new and extension and improvement of old works) which is likely to cost over Rs. 25,000 or which is an extension of a river channel. These rules shall, however, be applicable only where the lands have a ready saleable value.

1*st*.—When a proposal for any such work as aforesaid has been made and is under investigation or consideration, no darkhast shall be accepted for any Government unoccupied dry land likely to be converted into wet by such work. All such unoccupied dry lands should be reserved for sale by public auction after the completion of the work. Whenever an Executive Engineer has orders to investigate a project for work of this kind he should forthwith give notice of the fact to the Deputy Commissioner or Deputy Commissioners concerned.

2*ndly*.—No contribution in a lump sum shall be levied in respect of such work from the holders of Inam or Government occupied lands likely to be benefited by the same, but they should be called upon to execute mutchalikas binding themselves to pay to Government, on the completion of the work, a specified contribution per acre of occupied dry land which may be converted into wet, without in any way affecting the liability of the land, if Government, to pay a wet rate of assessment and, if Inam, the prescribed water rate.

3*rdly*.—The contribution per acre as per the foregoing rule shall, according to the circumstances of the ryots concerned, vary from a third to a fifth of the difference between the local market values of an acre of dry land and of an acre of wet land. The character and permanence of the irrigation supplied, the quality of soil, the agricultural labor available, will all be taken into account in fixing the market values as above.

4*thly*.—A report of the fact that mutchalikas under these rules have been taken should always accompany the estimate for the work, submitted for the sanction of Government.

5*thly*.—In special cases in which the Deputy Commissioner may be of opinion that these rules should not be applied, or that the rate above prescribed should be reduced or increased, or that no contribution whatever, or only a contribution in a lump sum from the entire body of land-holders should be levied, a statement by the Deputy Commissioner of his opinion with full reasons therefor should accompany the estimate submitted for sanction.

And 6*thly*.—Where holders of not less than $\frac{5}{6}$ths of the occupied area execute mutchalikas under these rules, and the holders of the remaining area refuse to do so, the matter should be reported in the statement accompanying the estimate, for the orders of Government, and the Government will then decide whether the work should be abandoned by reason of such refusal or whether the refusing land-holders should be compelled to pay their due share of contribution either in one lump or by means of a temporary addition to the wet assessment for a specified number of years, (say by seven or eight annual payments of a sixth of the contribution fixed).

4. These rules shall at once be brought into operation in regard to all works now in hand of the description specified in the preceding paragraph. In regard to small works (not coming under the above rules), it is not at present the intention of the Government to disturb the existing practice.

R. VIJAYINDRA RAO,
Chief Secretary.

To—The Deputy Commissioners of Districts.
The Secretary, Public Works Department.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 1st October 1888.

	Miscellaneous Public Improvements.		
1	An estimate for levelling the south-west and south glacis of the Fort at Mysore from the western wicket gate to the south gate, was returned to the Sanitary Engineer, Special Improvements Division, Mysore, duly sanctioned by Government for Rs. 5,000, with a request to have this work as well as the filling in of Purnaiya's Nala pushed on as rapidly as possible.—No. 5266—870.	30th Oct. 1888.	
2	Two estimates for removing the houses and huts, (1) on the south of the road leading from the Rangacharlu Memorial Hall to *Ittigegud* and (2) from Sivarampet bridge along the Purnaiya's Nala up to the rear of the said Hall, Mysore, were returned to the Sanitary Engineer, Mysore, duly sanctioned by Government for Rs. 7,279 and Rs. 1,900 respectively, with the remark that the compensation provided for therein is obviously too high, and that in settling it, the Sanitary Engineer should act in communication with the Deputy Commissioner, who will be requested to reduce the amount as much as possible.—Communicated to the Deputy Commissioner, Mysore District.—No. 5292-93—871-72.	31st do
